

# FORCES CLASH NEAR MEXICO CITY

## Advices Indicate A Victory For the Federal Soldiers

Rebel Advance Towards  
Point Where 1,000 Obregon  
Men Are Concentrated  
Is Reported.

(By The Associated Press.)  
EL PASO, Texas, Dec. 14.—Reports of severe fighting between outposts of the advancing rebel army and federal troops entrenched in the path of the march to Mexico City were received in El Paso today by the De la Huerta Junta and confirmed in meager advices to government sources in Juarez.

General Gallegos, operating for De la Huerta in the state of Guanajuato, has revolted and captured the town of Celaya, where Obregon's summer home is situated, the advices further state.

### Cardwell Will Case Continued

The contest on the will of Miss Patricia Cardwell, who left an estate of between \$20,000 and \$30,000 and which was set for a hearing next Monday, December 17th, has been continued by Judge Turner Clement until January 2nd, at which time it will come to a hearing in the Pittsburgh circuit court at Chatham.

### HEAVY FALL IN TENN

(By The Associated Press.)  
JOHNSON CITY, Tenn., Dec. 14.—East Tennessee is covered with snow to the depth of from one to three inches as the result of a snowstorm which struck this section shortly before midnight Thursday. In the mountain section the fall was much heavier.

### SNOWING IN RALEIGH

(By The Associated Press.)  
RALEIGH, N. C., Dec. 14.—Snow, the first of the season, began to fall here shortly after eight o'clock this morning following a night of rain with a drop in temperature from the unseasonable warm weather of the past three days.

Sam Cobb is expected to arrive in Danville next week to spend the holidays with his mother, Mrs. S. K. Cobb, South Main street. Mr. Cobb holds a position with one of the large tobacco corporations and has been stationed at Tampa, Fla., for the past year.

Dr. Allen Vosschell of the University of Virginia will be here tomorrow to conduct another clinic in orthopedic surgery under the auspices of the city health department.

## FIFTH SALE SPEEDS TASK OF REDUCING CONGESTION

The figures on the sale of tobacco on the Danville tobacco market were issued early this afternoon by the supervisor of sales of the Danville Tobacco Association, which shows a smaller amount of tobacco sold than had been generally anticipated. An explanation, however, was added which materially alters the aspect of the figures. The statistics show that 2,386,336 pounds of leaf was sold here for the week ending last night for \$655,031.37, the average price being \$22.69 per hundred pounds. These figures, however, do not include sales of Thursday at Ackerly, the largest warehouse in town, and at Union, both of these warehouses having continued sales which ran into today and which could not be included in the figures representing the week's sales. The missing figures will be added to next week's statistical report. It is estimated that the Danville market would have shown nearly three and a half million pounds sold this week had the two missing sales been included. In the weekly report, this was impossible since the sales ran over well into today on account of the block.

Danville now has sold 22,560,299 pounds of leaf for \$555,738.98 at an average price of \$24.75.

With a fifth sale inaugurated at half-past ten o'clock this morning at Holland's warehouse, chances of clearing up the tobacco glut by five o'clock this evening were considered bright by members of the tobacco trade.

While the congested condition was marked when sales began this morning the belief was expressed that if all of the offerings were not actually

### TOWN TOPICS

The spirit of Christmas will be carried out elaborately in the Schoolfield schools and among the organizations and clubs of that community, it was learned today. The full programme has not been completed but there will be several attractive entertainments. One of the most picturesque will be the Christmas pageant which is to be given at half past six o'clock next Wednesday in the Schoolfield bandstand by the junior high school children and the girls clubs. The Schoolfield band will be present on that occasion. Other Christmas celebrations will include exercises at the schools and the erection of Christmas trees in the various schools with carol singing and other appropriate festivities, including the giving of confections to the children. The Schoolfield schools will close on December 21st and will reopen on January 3rd.

Owing to the state of the weather the hike of the junior department of Mount Vernon Sunday school which was to have taken place yesterday has been postponed.

Voluntarism papers in connection with efforts to secure pardons for two men convicted in the corporation court were before Judge Withers expected this morning. One was the case of W. H. Blankenship serving five years for killing Giles Walker and the other was for George Lang, convicted of pickpocketing. Judge Withers expected to give each case consideration during the day. The Blankenship file is an unusually long one. It includes the petition signed by the jurors in which it is set forth that the verdict arrived at was a compromise and that they believe Blankenship has been sufficiently punished.

The new "1300 type" of locomotives recently purchased by the Southern Railway are to be seen daily on the Danville division four of these giant locomotives with 92 inch driving wheels passing here regularly. The engines are of the "box-cab" type and are equipped with a sharp cold boiler being fired by an automatic process. The machines are operated by an engineer and a fireman. Some of the engines are being used on local passenger work to undergo the supervising process and will before long be attached to the Piedmont Limited and the Augusta Special. Railway men declare that they are the fastest engines on the road and are giving great satisfaction.

The first breath of winter reached Danville and the surrounding community during the night an unusually sudden precipitation of the mercury being followed by hail and a light fall of snow which disappeared soon after daylight. Last night at eight o'clock the temperature was so mild as to be oppressive. A sharp cold wind set in this morning and within an hour a cold rain was falling. This continued at intervals throughout the night and at four o'clock this morning the rain turned to hail, the rain being of a size to awaken some of the sleep. Just before daybreak the hail turned to snow which fell in sufficient quantity to whiten lawns and house-tops. Reports from the countryside indicated that the weather had been fairly general in this section.

Street car traffic was held up for a short period this afternoon shortly after five o'clock when one of the cars being run on the main line near Jefferson broke. When the wire came in contact with the rail a vivid display of sparks followed. No one was injured. A crew of workmen from the barns came on the scene to make the repair.

disposed of that but very little leaf would be carried over for Monday's sales. The necessity of a Saturday sale on which there was a diversity of opinion, was obviated by the agreement among warehousemen and buyers to make up a fifth sale this morning.

Objections have already been heard with reference to the speeding up of the auction sales. Some of the buyers and warehousemen point out that conditions on the Danville market requiring constant judgment and appraisal. Sales, it is contended in the local houses could not be conducted on a market where there are so many different grades with the same success that they are in Winston-Salem, N. C., for instance, where the grades of grades are smaller. Danville's large tobacco radius in Virginia and North Carolina brings many different types to the market and the types are not as uniform further South.

The figures for the week reflect not only heavy sales but also the unusual exertion on the part of the Danville market. The sub-division of tobacco into small parcels which are brought in on the rear seats of automobiles has been a medium changed the old characteristics of the market and there is frequent comment on the small size of piles compared with those of a few years ago when all of the tobacco sold here came in large wagons or by rail, much larger piles being in evidence. It requires just as much effort to sell a basket with a few bundles of tobacco or it as it does to sell a pile of three or four hundred pounds.

## BLIZZARD DEATH TOLL REACHES 12

## Bootleggers Bold Now

### TRY TO BRIBE OFFICERS WITH TEMPTING SUMS

(By The Associated Press.)  
MALONE, N. Y., Dec. 14.—Balked by the knowledge that federal and state prohibition agents have been reinforced along the northeastern frontier, Canadian bootleggers, anxious to fulfill contracts to deliver Christmas liquor and beer to the big cities down state, have boldly resorted to attempted bribery of enforcement officers.

It became known today, on unquestioned authority, that virtually every member of the state trooper along the northern patrol had been approached with tempting offers of money by bootleggers or their agents. The troopers, known as the "Black Horse Troopers," comprise 55 members. The members reported the offers to their commanding officers and steps were taken to keep a special watch for the men who made the offers. These men had previously been catalogued together with several hundred known runners.

The Royal Canadian Mounted Police are said to be keeping an unusually constant watch for the smugglers and frequently communicate with the American officials and tip them off when bootleggers escape over the line with their cargoes.

The state troopers have resolved to wage relentless war against runners because of the shooting of Trooper Donovan by bandits on the bootleg trail near Glens Falls in Oct. Since then there has been a big jump in seizures of contraband liquor. In two and one-half months, 75 automobiles have been seized and liquor valued at more than \$300,000 confiscated. The troops have also thrown a scare into the bootlegging fraternity by taking care to keep German police dogs with them on their lonely vigils in the deep woods and along out of the way trails.

One dog, "Bobcat," is the special pet of the troopers, for he captured a much wanted law breaker at Salmon river, a man who had openly boasted to the officers that he would never be caught.

## Defense May Rest In Fox Case Today

State Did Not Establish Motive But Contended He Planned Coburn Killing.

### ATLANTA, Ga., Dec. 14.—

Philip E. Fox, on trial here for murder was drunk the three days prior to shooting and killing William S. Coburn, the prosecution announced today, while Congressman Patton Summers, of the fifth Texas district was on the stand testifying as to Fox's character.

The defense, which late yesterday entered a plea of insanity, was expected to rest its case today in the trial of Philip E. Fox, editor of the "Night Owl," the official organ of the Ku Klux Klan. Fox went on trial here Wednesday for the murder of William S. Coburn, counsel for the Simmons faction of the Klan. The prosecution said late yesterday to what it has to offer in its case today. Fox, editor of the "Night Owl," the official organ of the Ku Klux Klan, was charged with the murder of William S. Coburn, counsel for the Simmons faction of the Klan. The prosecution said late yesterday to what it has to offer in its case today. Fox, editor of the "Night Owl," the official organ of the Ku Klux Klan, was charged with the murder of William S. Coburn, counsel for the Simmons faction of the Klan. The prosecution said late yesterday to what it has to offer in its case today.

## I. C. C. Reverses Previous Decision

Virginian Railway, Once  
Refused Permission to  
Build Road to Coal Mines,  
Now Granted Authority  
to Do So.

(By The Associated Press.)  
WASHINGTON, Dec. 14.—The Interstate Commerce Commission today reversed a previous decision in which it had laid down the broad principle that no further railway construction should be authorized to open new coal mines.

### Unexpected Delay In Garrett Case

Prospects for Verdict Today  
Fade—Protest Over Instructions Causes Setback.

(By The Associated Press.)  
CUMBERLAND, COURT HOUSE, Va., Dec. 14.—Protests by the defense to instructions to the jury in the Larkin C. Garrett murder trial this morning and prospects of a verdict late today began to fade. Because of the unexpected delay it was after the dinner hour before final argument before the jury began. However, as Judge E. D. White announced he would limit each side to two and a half hours, it was indicated he would hold court in session until the arguments were completed.

### STEAMER UNABLE TO MAKE HEADWAY IN HEAVY SEA

(By The Associated Press.)  
BOSTON, Dec. 14.—A radio message picked up here today from the Steamer Gaston, which is believed to have been found from Havana for Norfolk, said that her cruising was gone and that she was unable to make any headway in a northerly gale and heavy seas. She gave her position as 50 miles off Cape Henry.

### House Plans to Adjourn Today Until Tuesday

(By The Associated Press.)  
WASHINGTON, Dec. 14.—The House today adjourned until Tuesday. The adjournment was approved by the Republican and Democratic members, and leaders planned to adjourn after their formal ratification until Tuesday to give the committees an opportunity to organize.

### NAVY YARD SCHEDULES FOR NEXT YEAR SAME

(By The Associated Press.)  
WASHINGTON, Dec. 14.—Navy yard schedules for the year beginning January 1, will be substantially the same as during the last year except for a slight increase under the report of the Navy Board of Review approved today by Assistant Secretary Roosevelt.

### CHICAGO HEADQUARTERS FOR PRES. COOLIDGE

(By The Associated Press.)  
WASHINGTON, Dec. 14.—General campaign headquarters for President Coolidge will be established at Chicago on December 27.

### Births In November Averaged 1 a Day

Birth statistics for the month of November were issued by the city health officer this morning. They showed that 22 white infants were born during the month and 11 colored children, making a total of thirty-three. Parents enjoying the thrill which comes not necessarily once in a lifetime include the following:

W. A. Sneed, 427 Rhodensizer street, W. A. Sneed, Jr., 420 Henry street, female.  
J. J. Statten, 148 Stokes street, male.  
G. W. Gibbs, 314 Church street, Geo. Morgan Gibbs.  
T. M. Hundley, 236 Lynn street, baby, Mary Hundley.  
Tom O'Brian, 635 Lynn street, John O'Brian.  
Wm. D. Blalock, 418 Overby street, female.  
Wm. M. Atkinson, 424 South Main street, female.  
Martin V. Harper, 647 Franklin street, Elva Jackson Harper.  
Harry W. Saunders, 532 North Main street, Gloria Adele Saunders.  
Howard Russell Moore, 404 Montague street, Nelson Paige Moore.  
Wm. J. Turner, 755 East Paxton street, male.  
W. C. Talley, Lee street, Raymond Talley.  
J. I. Herndon, 140 Gray street, Ray Gardner Herndon.  
T. D. Dixon, 307 Walker street, Raymond Roy Dixon.  
L. L. Bullington, 824 Buford street, male.  
E. A. Cudd, 129 Henry street, Louise Estelle Cudd.  
Wm. Lindsey, 639 Claiborne street, Russell Lindsey.  
L. T. Graham, 498 Wilson street, Marie Graham.  
R. D. Fore, 617 Wilson street, Catharine Ordren Fore.  
G. P. Motley, 7 Talbot avenue, Edna Lee Motley.  
C. H. Elgin, 626 Main street, Dorothy Mildred Elgin.  
Colored—Males, 4, females, 7.

### TAX LIEN IS FILED AGAINST CHAS. MORSE

(By The Associated Press.)  
NEW YORK, Dec. 14.—Counsel for C. W. Anderson, collector of internal revenue, today filed in federal court a tax lien against Charles W. Morse of the Lee House, 18th Street, N. W., Washington, D. C., for \$1,224,531.24. Filing of this lien automatically caused it to be entered on the judgment rule book.

There had been attacks from many quarters on the commission's first decision in the Virginian case, which was based in part on a premise that there already are more coal mines in the United States than needed and that railroads are not able to furnish them with hauling their products. The first decision also declared that the Virginian Railway in particular had been unable to meet demands for car service from mines already on its line.

"Give Her Something She Can Use." Let it be Beautiful as well as Useful. DODGE MODEL A SEDAN.

### LOVES THE SEAS

Mrs. Emily Ashcroft, senior matron for the Canadian Pacific steamships, is just beginning her 24th year in that company's service. She starts on a cruise around the world on the Empress of Canada in January.

### House Plans to Adjourn Today Until Tuesday

(By The Associated Press.)  
WASHINGTON, Dec. 14.—The House today adjourned until Tuesday. The adjournment was approved by the Republican and Democratic members, and leaders planned to adjourn after their formal ratification until Tuesday to give the committees an opportunity to organize.

Despite the opposition of Republican insurgents to the make-up of the rules and other committees, House leaders had no fear that they could be about a deadlock. The insurgents conferred this morning but the Democrats are held to be bound by their caucus to vote for the committee slate, and the Republican committee assignments were approved by a conference yesterday in spite of the protest of Representative Nelson of Wisconsin, the insurgent leader.

### INCH SNOW IN ASHEVILLE

(By The Associated Press.)  
ASHEVILLE, N. C., Dec. 14.—An inch of snow covering a sheet of ice beneath, sleds and small boys were much in evidence on the hills about the city today. Rain during the early night was frozen when the temperature dropped to 26 degrees.

### NEW YORK'S FIRST SNOW

(By The Associated Press.)  
NEW YORK, Dec. 14.—The first snow of the season fell here today at 4 o'clock at the parental home of 68 Lee street, where the League of Nations was today taken to the family burial grounds near Mayfield. The funeral was held this afternoon.

### POINCARÉ AGREES TO SEE GERMAN DELEGATE

(By The Associated Press.)  
PARIS, Dec. 14.—The recent announcements from Berlin that Germany intended to seek direct diplomatic contact with France over the status of the Ruhr and Rheinland was followed today by a request from Herr Von Hoesch, the German charge here, that Premier Poincaré receive him.

### WRITERS ARE CENSURED

MOSCOW, Dec. 14.—A court composed of Moscow's literary has tried Sergei Yesenin, husband of Olga Yesenin, and three companion poets on charges growing out of alleged anti-Soviet propaganda. The court censured the writers but decided to permit them to continue their work.

### SUSPICION AROUSED

(By The Associated Press.)  
PARIS, Dec. 14.—Germany's announcement that she wishes to talk directly with France, arouses more suspicion than hope and the outcome of the visit which Herr Von Hoesch, the German charge, was expected to pay Premier Poincaré was awaited with unusual interest.

### Band of 1,000 Loot Stores and Homes—Some of Inhabitants Flee to Nearby Town—Magistrate Killed.

(By The Associated Press.)  
SHANGHAI, Dec. 14.—Three thousand bandits under the leadership of the notorious chieftains, Chen Yen-Teh and Wang Han-Ying, captured the town of Chahow, Wednesday, burning and looting the houses and carrying off the magistrate and education commissioner and two other officials, together with more than 100 residents of the town, including many women, according to dispatches received here from Chahow.

### DEATH OF CHILD

Pauline Pruitt, six months old daughter of Mr. and Mrs. R. P. Pruitt, died Tuesday afternoon at 4 o'clock at the parental home, 68 Lee street, where the League of Nations was today taken to the family burial grounds near Mayfield. The funeral was held this afternoon.

On the whole, opinion is inclined to see in the German move, when it is taken in conjunction with Chancellor's intention that Germany will appeal to the League of Nations to straiten up her finances, the opening of a new diplomatic offensive against France.

It was announced this afternoon that M. Poincaré would see the German representative tomorrow.

## Indigestion!!! Upset Stomach, Gas, Gas, Gas

Chew a few Pleasant Tablets,  
Instant Stomach Relief!

Instant relief from sourness, gases or acidity of stomach, from indigestion, flatulence, palpitation, headache or any stomach distress. The moment you chew a few "Pape's Dipsen" tablets your stomach feels fine. Correct your digestion for a few cents. Pleasant. Harmless! Any drug store—adv.

## Free to Asthma and Hay Fever Sufferers

Free Trial of a Method that Anyone  
Can Use Without Discomfort  
or Loss of Time.

We have a method for the control of asthma and we want you to try it. Our case is of long standing or recent development, whether it is present as Chronic Asthma or Hay Fever, you should send for a free trial of our method. No matter in what climate you live, no matter what your age or occupation, if you are troubled with asthma or hay fever, our method should relieve you promptly. We especially want to send it to those apparently hopeless cases, where all forms of inhalers, douches, opium preparations, fumes, "patent smokes," etc. have failed. We want to show everyone at our expense, that our method is designed to end all difficult breathing, all wheezing, and all those terrible paroxysms.

This free offer is too important to reject a single day. Write now and begin the method at once. Send no money. Simply mail coupon below. Do it today—you even do not pay postage.

**FREE TRIAL COUPON**  
FRONTIER ASTHMA CO.  
Room 312-B  
Niagara & Hudson Sts. Buffalo, N. Y.  
Send free trial of your method to:

## Salem People At Eastertide

A lecture and musical program of unusual charm and interest was given in the auditorium of the First Presbyterian church yesterday afternoon when Dr. Howard Rondthaler, president of Salem College, Winston-Salem, N. C., interpreted the "Salem People at Easter" and in the same connection there was rendered a musical program by Dean H. A. Shirley, of Salem College. The church was crowded.

Dr. Joseph Dunnington, pastor of the church, introduced the program in a few simple words. Dr. Rondthaler in his dissertation on the Moravian Easter customs, offered them as his observations covering many years. He said that the simple ritual of the week had grown out of the members of the Moravian church would gather together to hear the reading of the Gospels and to sing songs suitable to the occasion. Out of this the liturgy grew.

The speaker said that for the past 47 years his father, Bishop Rondthaler had led in the celebration of Easter week. He described how the old bell cast in 1799, was tolled, sitting at 1 o'clock on Easter morning, how lads of the congregation marched out in four directions and finally when the church doors were thrown open Bishop Rondthaler pronounced: "The Lord is risen." The congregation assembled without would then join in the resurrection hymn. Throughout the interpretation was appealing.

There followed a wonderful musical program by Dean Shirley, which included "Sketches of the City," "Holy Night," by Harker; "March of the Stars," by Harker; "Scott's Fantasia," MacFarlane. One number on the musical program was a solo by Mrs. Allen T. Rabe, an alumnae of Salem College.

After the program had been completed, Mrs. Shirley Cunningham, a graduate of Salem College, made a short speech of appreciation. Last night Dr. Rondthaler and Dean Shirley were guests of honor at the home of Mrs. John Schofield, who entertained sister alumnae of the institution.

**SOLDIER BONDS IS INTRODUCED AGAIN**  
(By The Associated Press.)  
WASHINGTON, Dec. 13.—The soldier bonds bill which passed Congress last year, was reintroduced by Representative McKenzies, Republican, Illinois, at the request of the Republican vote in the House. It carries only minor changes from the original bill.

**DATE IS CORRECTED**

NEW YORK, Dec. 13.—The Metropolitan Golf Association announced today that it had erred Monday in giving out the date of the annual amateur district championship as the second week in June, and that the correct date in June 4, 5, 6 and 7.

## GROPE THROUGH CIRCUMSTANTIAL EVIDENCE

LA CYGNE, Kas., Dec. 14.—Reaching out for a solution of one of the most baffling murder mysteries in this section of the country, the dragnet of the law here, today was tangled around John E. Scott, grocery store proprietor here, and his niece by marriage, 19-year-old Arlene Scott.

They are charged jointly with the murder of Scott's wife, who was shot down in the dark one night last June upon the return of her and her husband from a minstrel show.

The eternal triangle, background of so many crimes in the past, is said by authorities to play a leading role in the murder of Mrs. Scott. The evidence in their possession is merely circumstantial. Nevertheless, John Scott and Arlene Scott have been bound over for trial on a charge of murder.

**Class Room Arrest.**  
Truth, they say, is stranger than fiction. Certainly no fiction could have been stranger than the dramatic arrest of Miss Scott, who was taken into custody recently, five months after her uncle had first been arrested for the crime.

Miss Scott is a school teacher. She was standing before her class, pointing to a triangle drawn on the blackboard. She was explaining and defining a triangle when the door slowly opened and Sheriff Ellington passed slowly up the center aisle.

"Miss Scott," he said, "I'm Sheriff Ellington."

"Yes," broke in the teacher, "and I know why you've come. It's for the murder of my aunt."

(She dismissed the class; then broke down and sobbed.)

There are other triangles, it seems, that little children know nothing about. So none could satisfactorily explain why teacher had dismissed school that day.

Four years ago, Arlene, then 15, went to live with her uncle and aunt so that she might attend La Cygne high school and prepare to teach the township school in Centerville.

The child was taken into the home and treated by Scott and his wife as their own.

Last spring she was graduated and went away to attend summer school. La Cygne missed her. Her pretty face had been a familiar sight at all of La Cygne's social activities.

Then came June and the night of the murder. John Scott and Arlene Scott were in the house. Their in-laws were in the garage. Mrs. Scott left the house and entered the rear door of the house.

**Town Shocked.**  
The news of the shooting shocked the town. Scott and Arlene were called for help, then ran two blocks and returned with a physician. But Mrs. Scott was dead.

**SELLING SEALS TO GET MILK FOR CHILDREN**  
Archibald D. Keen is chairman, sending out in blocks of 100, 200 and 500 seals, requesting those receiving them to send a dollar, two dollars or five dollars, or at the rate of a penny apiece for the seals. Of the amount realized from the sale of the seals in this way 75 per cent will go to the use and benefit of the Danville public schools and to be applied to the purchase of milk for these underweight pupils in the schools who might not otherwise secure the quantity of milk scientifically deemed necessary to a balanced and proper diet.

The Danville Anti-Tuberculosis League has consented that the sum derived from the sales of these seals shall be applied to the school milk fund. The other 25 per cent of the sum realized will go to the Danville Anti-Tuberculosis work, although the State really contributes nothing whatever to this city's anti-tuberculosis work.

Many are doubtless in sympathy with the aim and effort to give the public school children who are underweight an opportunity to prolong their lives by providing a stable foundation for physical health and vigor. It appears that the city government and its health department do nothing to provide this milk for the children, and that the explanation given for the method adopted to argue for the sale of these seals.

**THREE ELIGIBLES FOR POSTOFFICE**  
BY GEORGE H. MANNING  
WASHINGTON, D. C., Dec. 13.—The Civil Service Commission has certified to the Postoffice Department that William E. Owens, Charles W. Rogers and John R. Peery are eligible for appointment as postmaster at Pocahontas, Taxco, Va.

The examination of candidates for this \$2300 a year office was held three or four months ago. All three eligibles are former service men.

The Postoffice Department has transmitted the list of eligibles to Joseph Crupper, the Republican state chairman, and asked for his recommendation.

**CADET LIVERLY HONORED**  
Cadet James Lively of this city is among the five honor men at the Fishburne Military school, Warrenton, Va., a distinction attained by scholarship and deportment at this well known school. He is the son of Mrs. L. J. Lively, of this city and a former honor cadet at the Danville Military Institute.

A years subscription to The Register or The Bee, will be enjoyed 365 days of the year. Phone 21.

ARLENE SCOTT AND JOHN E. SCOTT.

The town was aghast. Bloodhounds from Kansas City were put on the trail and ended at a negro's home not far away. But the negro was released. His wife, it was learned, had made the tracks. She had been washing at the Scott home.

The dogs were kept at their task, but the only other trail they followed was one from the Scott garage to the house.

**Jury Disagrees.**  
Then came the gossip. Accusing remarks were directed at the husband. He was arrested and released on bond. Then the state exploded a bombshell.

Witnesses testified that after the murder, Scott and Arlene registered together at a Pittsburg, Kas., hotel. Neither denied it. The trial re-

**INCREASED "Y" ACTIVITIES ARE NOTED FOR YEAR**  
The regular monthly meeting of the board of directors of the Danville Young Men's Christian Association was held Thursday afternoon. The usual reports of standing committees and General Secretary E. G. Corwin's monthly report for November were received. Increased activities were reported by the chairman of the religious work, boys' work and physical committees. Bible classes, club meetings and gymnasium classes all showed a gratifying increase in attendance over the previous month.

The educational committee reported plans well under way for the observance of National Thrift Week beginning on Benjamin Franklin's birthday, January 17th. Special emphasis is to be placed on the budget plan for personal and family finances.

The question of the ratification of the new constitution which is being submitted to the local Young Men's Christian Associations of the United States for referendum vote was referred to a committee composed of Messrs. W. C. Griggs, T. S. Williamson and Jas. T. Catlin, Jr. This committee will make its report and the vote be taken at the January meeting of the directors.

**AVIATOR IS LOST**  
(By The Associated Press.)  
LONDON, Dec. 13.—It is feared that Lawrence B. Sperry, an American aviator, has been drowned in the English Channel, says the Daily Mail.

**New Lamp Burns 94% Air**  
Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and is superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, O. S. Johnson, 642 N. Broad Street, Philadelphia, is offering to send a lamp on 10 day's FREE trial even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency and without experience or money make \$250 to \$500 per month.

**Colds, La-Grippe**  
carache and neuralgia

Positive relief is absolutely safe for all the family. There is no dope, no habit forming drugs in the formula of "B. C." It is scientific relief with any bad after effects. Keep it in your medicine cabinet for immediate use.

## RADIO WILL NOT BE SUBSTITUTE FOR TELEPHONE

That radio will not become a substitute for telephonic communication by wire in the opinion of those best qualified to judge, Manager H. O. Eanes, of the Chesapeake and Potomac Telephone Company, told a reporter today.

According to Mr. Eanes, Secretary Hoover recently said "I think that it will be agreed at the outset that the use of the radio telephone between single individuals as in the case of the ordinary telephone is a perfectly hopeless notion. Obviously if 10,000,000 telephone subscribers are crying through the air for their mates, they will never make a junction. The ether will be filled with frantic chaos with no communication of any kind possible. This statement followed the exhaustive study of radio by a board appointed by Mr. Hoover.

Every day many millions of telephone messages are moving simultaneously in every part of the country to serve the more than 14,000,000 Bell telephone subscribers, Mr. Eanes said; adding that there were more than 100,000 telephones in the stations operated by his company and nearly 600,000 calls a day over these stations.

General John J. Carty, vice-president of The American Telephone and Telegraph Company and in charge of development and research, has concluded that the ether must be reserved exclusively for those services for which wires are not adapted. "I think that the ultimate system which is to provide the communications of the world will consist of both wire and radio, each supplementing the other in proportion to its capabilities."

## EUROPE'S AUTHORS ELOPE TO ENTERTAIN NEW YORK

(By The Associated Press.)  
NEW YORK, Dec. 13.—The play-bills of New York proclaim it one of the most cosmopolitan and most cultured cities in the world.

Three Hamlets hold the boards at the same time, John Barrymore, Walter Hampden and Sir John Martin Harvey.

Ten plays of distinctly British origin or influence are being given, among them pieces by W. Somerset Maugham, John Galsworthy and Bernard Shaw. Historical plays concerning Queen Victoria and Robert E. Lee are as successful as popular farces. The talents of stars like Mrs. Fiske, Richard Bennett, William Faversham and Cyril Maude are enlisted.

# Fear U.S. Flier Has Been Drowned

**Wrecked Plane of Lawrence  
Sperry Found in English  
Channel Three Miles  
From Shore—Wife Does  
Not Believe Her Husband  
Dead.**

(By The Associated Press.)  
HASTINGS, England, Dec. 14.—Coast guards this morning were continuing their search for Lawrence E. Sperry, the American aviator, whose airplane was found in the English Channel, three miles off Rye, yesterday.

**WIFE REFUSES TO BELIEVE  
HUSBAND HAS DROWNED**

(By The Associated Press.)  
HEMPSTEAD, N. Y., Dec. 14.—Mrs. Winifred Sperry, refuses to believe her husband, Lawrence Sperry, the aviator, has been drowned in the English Channel, where his wrecked plane was found yesterday.

**HIS HOME TOWN IS  
STUNNED BY NEWS**

(By The Associated Press.)  
GARDEN CITY, N. Y., Dec. 14.—This town, where Lawrence E. Sperry, aviator, resided, was stunned today by cables dispatched, indicating he might have been drowned in the English Channel. He kept his miniature plane in a little hangar near his home and daily used it to communicate with work on Farmingdale and New York. To his friends he frequently insisted flying was not half so dangerous as automobile.

**FAMOUS AS FLIER.**

(By The Associated Press.)  
CHICAGO, Dec. 14.—Lawrence E. Sperry, reported to have fallen in the English Channel, was born in Chicago, Dec. 31, 1897, and was the first man to join the American Naval Flying Corps in 1917. He flew to Chicago from St. Louis two months ago on 11 gallons of gasoline in the plane which

he was flying when last seen. When he married Miss Winifred Allen he flew with her to the scene of the ceremony and afterward started on the wedding trip in his hydroplane.

## Cotton Consumed In Nov. Shows Drop

(By The Associated Press.)  
WASHINGTON, Dec. 14.—Cotton consumed during November amounted to 531,631 bales of lint and 48,069 bales of linters, compared with 541,825 of lint and 57,128 of linters in October this year, and 579,190 of lint and 55,128 of linters in November last year, the census bureau announced today.

Cotton on hand November 30 was as follows:  
In consuming establishments 1,438,813 bales of lint and 95,851 of linters, compared with 1,102,537 of lint and 87,119 of linters on October 31, this year and 1,724,483 of lint and 96,244 of linters a year ago.

In public storage and at compresses 2,770,442 bales of lint and 43,889 of linters, compared with 3,485,839 of lint and 35,510 of linters on October 31, this year and 4,197,955 of lint and 22,088 of linters a year ago.

Imports during November totaled 16,964 bales compared with 7,615 in October this year and 49,561 in November last year.

Exports totaled 770,002 bales including 5,097 bales of linters, compared with 781,722 bales including 3,338 of linters in October this year and 838,327 including 2,827 of linters in November last year.

Cotton spindles active during November totaled 34,101,452 compared with 34,378,562 in October this year and 44,458,096 in November last year.

Statistics for cotton growing states including: Consumed during November 358,718 bales compared with 357,672 in October this year and 364,331 in November last year.

Cotton on hand November 30 in cotton growing states was:  
In consuming establishments 928,800 bales, compared with 707,536 on October 31, this year and 1,110,889 on November 30 last year.

In public storage and at compresses 3,616,149 bales, compared with 3,373,479 on October 31, this year and 3,932,874 on November 30 last year.

Cotton spindles active in cotton growing states during November numbered 16,152,382 compared with 15,054,842 in October this year and 15,348,339 in November last year.

## NON-SINGING SHORTSTOP.

Barney Dreyfus says he's hunting for a shortstop who can't sing. Rabbit Maraville, who has held down that position for several years for the Pirates, has a pretty good voice. Dreyfus insists the Rabbit was more concerned about harmony off the ball field than on.

## All Spick and Span

Uncle Sam's soldiers soon will have brand new uniforms. They're nifty, too. The quartermaster's depot in Philadelphia is turning them out. Photo shows George Christie, superintendent of manufacturing, holding the new blouse, while inset (left) is photograph of new trousers.

## Taxation Will Be Paramount Issue

(By The Associated Press.)

NORFOLK, VA., Dec. 13.—Taxation will be the one dominating issue in the next presidential campaign, William Jennings Bryan declared upon his arrival here tonight for a lecture engagement. He took issue with Secretary of the Treasury Mellon, indicating that the secretary is trying to sidestep the real principle in reduction of taxes to the general public.

He indicated that the reduction proposed by Mr. Mellon favors big interests and does not take care of the general public and also declared that no program of the Republican party provides for paying soldier bonus, which Mr. Bryan favored.

Mr. Bryan declared that it is his opinion that the Democrats in Congress should combine with the Progressive faction of the Republican party in putting over Progressive legislation at this session which he declares is probably the most momentous session of Congress from a political standpoint in many years.

He said "Joining in with the Progressives not only will result in the passage of some very badly needed Progressive legislation, but it would serve to force to the public view those reactionary Democrats who are inclined to favor Wall Street and the big interests."

He added that an alignment of the Democrats with the Progressives

would serve to strengthen the forces of the Democratic party in the next election by bringing to its support that large and growing element of progressive and independent thought among voters.

On the question of taxation he said that the Democrats have long been on record for reduced taxation and general economy in government. He declared that this already is clearly defined and established as a Democratic policy and since the present administration has made an attempt to correct some of the excesses the issue is being brought to the front.

## THREE MEN WALKED TO ELECTRIC CHAIR TO MUSIC

OSKING, N. Y., Dec. 13.—Three men walked to the electric chair in song tonight with the laughter and songs of a musical comedy staged by other convicts ringing in their ears. The death cells in which they passed their last hours were but a few feet away from the auditorium in which "Oh Lady, Lady" was given and they could plainly hear the applause of the audience and the voices of the performers a short time before they were executed.

The men were Abraham Becker, a New York wife slayer and George Hacker and Harry Santanello, Birmingham, murderers.

The Deacons, one of the Malayan races inhabiting North Borneo, have a superstitious belief that it is unwise to point to a rainbow, as the finger that is used to point with will rot away.

## BELIEVES U. S. WILL ADOPT QUEBEC METHOD

By GEORGE W. H. BRITT  
OTTAWA, Ont., Dec. 14.—"I hold firmly to the impression," says Premier Taschereau of the wet province of Quebec, "that in the near future our law will be copied in all the provinces of the dominion and will even extend to the United States."

The picture is of a row of dominoes standing in line, regularly upright. Quebec topples over and pushes British Columbia. The latter falls, passing the impulse to Manitoba and on to Alberta. Saskatchewan and Ontario are next in line. New Brunswick is uneasy, with the American states farther along awaiting a push to wreck the whole orderly and painstaking arrangement.

The premier's forecast is for a grand upsetting of the North American prohibition structure.

Even allowing for the strength of the American prohibition behind the eighteenth amendment, there is no doubt of the influence there of Canada's example if it should repudiate prohibition along its whole border. The psychological effect would be tremendous. At least equally potent would be the effect of an added thousand or two thousand miles of legitimately wet frontier from which bootleggers could operate in swarms.

**Smuggler Countenanced.**  
Liquor runners are a vital factor upon Canadian sentiment toward prohibition both at home and south of the border. Brewers and distillers are recognized in the highest circles, but the active missionaries who spread the product abroad are beyond the pale.

Canadians like to lay the blame upon the American importer. Bootleggers, of course, discredit prohibition.

Yet in the official and business field, smugglers have unimpaired standing. They are not regarded as particular assets to Canadian export trade, and they might be welcomed more warmly if they represented legitimate customers. In the United States, but their money is accepted, their papers are taken at face value, and no questions are asked.

Customs records would show a tremendous jump the last few years in Canadian liquor trade with Cuba, Mexico and other wet countries. Much of it is carried on by 40-foot motor boats or schooners.

This form is to be filled out by the physician and is to be retained by the patient.

Received by

## AN ONTARIO LIQUOR PERMIT

**Technical Evictions.**  
A launch docks at Belleville or Windsor with an order for 100 cases of whisky for Senor Jose Gomez of Havana. It is loaded; promptly, payment is made, customs requirements complied with fully and the brave little craft heads out on the long voyage to Cuba. Next day it is back again, empty, with another order, perhaps from Vera Cruz.

**Government complaisance.** toward the traffic appears in the revenue collection. The regular excise duty of \$9 a gallon is not due on liquor released for export. The only requirement is for the posting of a bond to be discharged when the liquor is landed abroad.

Officials, however, collect the duty upon the Cuban and Mexican consignments, the bootlegger paying to settle the score completely and passing the cost on to the consumer.

Protests against the practice have arisen only from the temperance spokesmen. It is a profitable source of government revenue.

**Tourists Good Customers.**  
Most outspoken of the opponents is W. E. Raney, former attorney general of Ontario, who likens the present attitude to that of England toward Confederate privateers during the Civil War, for which England later paid the Alabama claims. Not all of the withdrawals from Canadian distilleries are for United

States smugglers. The practice is a source of constant leak into dry territory at home.

The American tourist, especially in Montreal and Vancouver, is a fertile source of Canadian business. Premier Taschereau estimates that more than half the sales in Quebec are for consumption by outsiders. Automobiles with American license tags clutter the streets of Montreal on week-ends.

**Elastic and Stringent.**  
The strong national consciousness of Canadians prevents many of them from admitting that United States sentiment has any influence upon their opinions. Probably the two nations are more interdependent in thought than either realizes.

Certainly any attempt at government distribution of liquor in the United States would be a continuation of the Canadian experiment. Government sale and the elimination of the old pen bar have become the earmarks of the system here. Its adoption in dry provinces now is considered in many cases a protest against extreme bone-dry agitation by the prohibitionists.

If Canada is not to serve as a guiding influence in American prohibition policy, it is furnishing at least a laboratory demonstration of the working out of virtually every type of alcohol regulation yet invented.

ed relief tomorrow, with rising temperatures to follow clearing skies today.

The cold wave was scheduled to penetrate as far south as southern Florida with showers there today, to be followed by rising temperature and clear weather tomorrow.

It was snowing in Washington and Richmond early this morning. A rain and windstorm turned to sleet and ice when the temperature dropped at Vicksburg, Mississippi last night.

## FROST TONIGHT

(By The Associated Press.)

WASHINGTON, Dec. 14.—Probability of frost tonight as far south as northern Florida was predicted today by the weather bureau with lower temperatures in the Atlantic states and along the east gulf coast. It was the South's first touch of winter. Snow having fallen in some parts. Warmer weather Saturday, except in the Florida peninsula, was forecast. Storm warnings continue to be displayed for the Chesapeake Bay and Cape Hatteras, N. C.

## Drys Threaten To Wreck Roosevelt's Political Career

He Is Following in Father's Footsteps—May Run For Governor—Is "Wet as Ocean."

By ROBERT T. SMALL  
(Copyright, 1923, by The Bee)

NEW YORK, Dec. 14.—Young Colonel Theodore Roosevelt, assistant secretary of the Navy, has consciously or unconsciously incurred the displeasure of some of the dry leaders in New York state and they are threatening today to wreck his political career even before it gets fairly started.

It seems to be taken for granted hereabouts that Colonel Roosevelt will be the Republican candidate for governor next fall. That is in line with his ambition to follow in the political footsteps of his illustrious father. The elder Roosevelt went from the assistant secretaryship of the navy into the Spanish-American war and then into the gubernatorial chair at Albany. The young Roosevelt began with the world war, then became assistant secretary of the navy and now is being groomed for the governorship. Attempts to commit him to consider a vice presidential nomination have been in vain. He has said he did not covet the particular honor at this particular time. Here again he is following the footsteps of his father, who however, finally was prevailed upon to become the running mate of William McKinley, thus paving the way for his entrance to the White House.

Since the death of President Harding and the accession of Calvin Coolidge to power, coupled with the virtual certainty of his nomination at Cleveland next year, the idea of securing an Eastern man for the vice presidency naturally has been abandoned. So young Colonel Roosevelt will have no further troubles on that score. He will be left free by the Republican leaders to follow his own political bent for the time being.

Young Roosevelt is by no means a stranger to politics in his home state. He has served an apprenticeship in the state assembly at Albany and has rather a keen insight in state affairs. Already the movement to make him governor has been launched. Naturally it springs from the neighborhood of Oyster Bay out Long Island way. One of the influential Republican clubs of Nassau county has urged the Colonel for the nomination.

But at the same time also come the drys and say they are "reliably informed" that young Colonel Roosevelt "is as wet as the Atlantic Ocean." Former Commissioner Edwards of New Jersey started that smile at his campaign slogan three years ago. That is the way he proposed to make Jersey. Since that time it has been applied to many persons and many places. Apparently no one thinks of the Pacific Ocean as being wet. Only the poor old storm-tossed Atlantic gets the blame.

The spokesman for the drys on the Roosevelt wetness is Fred Smith and he made the charge at the charge at good citizenship conferences held for the purpose of enlisting public interest in prohibition enforcement. Mr. Smith is a well-known chautauqua lecturer and reformer and

has been making dry speeches all over the country. He is affectionately called a "100,000 volt human dynamo" and other thrilling titles of pep and action. He has announced that if Colonel Roosevelt thinks he can go to Albany with wet ideas in his head, he will certainly be taught the lesson of his young political life.

Many of the young colonel's friends resent the attack made upon him on the very eve of the inflation of his boom for governor and they look for the very eve of the inflation of his boom for governor and they look for the colonel to set things right, both with Mr. Smith and with the public. In a truly Rooseveltian fashion.

Republican leaders of the state are quick to recognize the sentimental value that will attach to the Roosevelt name on the state ticket next year. They think that Colonel Roosevelt, in normal circumstances, could win hands down. But, like many others, these same leaders fear the influence of the drys both in the state convention and at the polls. The elder Roosevelt never had this wet and dry business to contend with, so his eldest son has perhaps a more difficult row to hoe.

Furthermore there are some other aspirants for the nomination and they are keen to take advantage of anti-saloon and other dry favor. Among them is Colonel William L. Hayward, United States attorney for the Southern district of New York. Colonel Hayward has a world war record as distinguished as that of Colonel Roosevelt. Many foreign and American decorations mark his manly chest. Also he is possessed of great wealth and ambition. Colonel Hayward has become one of the dries of the dries. He cannot say too much for prohibition enforcement. He has appeared recently at virtually every dry rally held in the city. His friends believe he has an excellent chance for the Republican nomination and they are becoming very active in his behalf.

Colonel Roosevelt has a great advantage in name and in the fact that he is a native son. Colonel Hayward is a product of the West. He moved to New York from Nebraska.

As to mental equipment and political knowledge, both men stand high. The New York governorship therefore promises to have a national significance.

## Southern States Visited by Snow

(By The Associated Press.)

ATLANTA, Dec. 14.—Some of the southern states were visited with light snow last night. Chattanooga reports the heaviest fall in the history of the weather bureau there, with an accompanying drop in temperature. Knoxville also reported snow falling with an estimated depth of four in. early this morning.

Bristol, Virginia-Tennessee reported a drop in temperature with a snow fall of three inches reported in the mountains of Southwest Virginia.

In Northern Alabama, light fall of snow followed a sudden drop in temperature and the Alabama Power Company reported several north Alabama towns out of power and light for sometime due to a break in transmission lines.

Weather Bureau, however, promises

## CHATHAM TOBACCO PLANTS

TO CLOSE ON THURSDAY

(Special to The Bee)

CHATHAM, Va., Dec. 14.—The Chatham Episcopal Institute and the

Chatham Training School will during the next week close for the holidays in order to give the students living a long distance away in time to reach home for the Christmas Day rejoicing. The Chatham High school will

close the same week but the day has not been announced. The tobacco warehouses will close on Thursday of next week for the holidays in order to give the Redrying plant time to

close all tobacco on hand before closing down. The market will probably open about the seventh of January but the date has not been definitely announced.

PLAN \$2.00 PER  
WEEK

Why spend money on a few gifts that will bring but tempo-  
rary enjoyment to the different members of your family?  
Would it not be better, is it not far wiser to invest the same  
amount of money in one handsome gift—that will bring en-  
joyment not only in months to come but throughout the years  
ahead? A small deposit, and \$2.00 per-week, are the terms on  
which this machine can be bought, and, too, this is the regular  
\$125.00 number. Sale priced at \$100.00.

# DAILY PUZZLE

100

An expressman found the peculiar label shown above pasted on a box brought to him for shipment. He finally discovered the destination that the cryptic label stood for. Can you solve it?

Yesterday's answer:  
If the number 7890 is divided into three parts: 1315, 2639 and 3945, and the first (1315) is divided by 3; the second (2639) by 6, and the third (3945) by 9, each answer will be the same, namely: 438 1-3.

The simple method of discovering the three numbers is to add 3, 6 and 9 (which total 18); and to divide 18 into 7890. The division gives 438 1-3 as an answer; then, by multiplying 438 1-3 by 3, 6 and 9, the three desired numbers, 1315, 2639, 3945 are obtained.

## TO DISSOLVE MOVEMENT.

(By The Associated Press.)  
NEW YORK, Dec. 13.—Dissolution of the Corporation of the Interchurch World Movement of North America was assured in supreme court today, when representatives of the State attorney general's office did not appear to oppose the action. A default was entered.

## BELIEF IN REICHSBANK STILL LIVES IN GERMANY

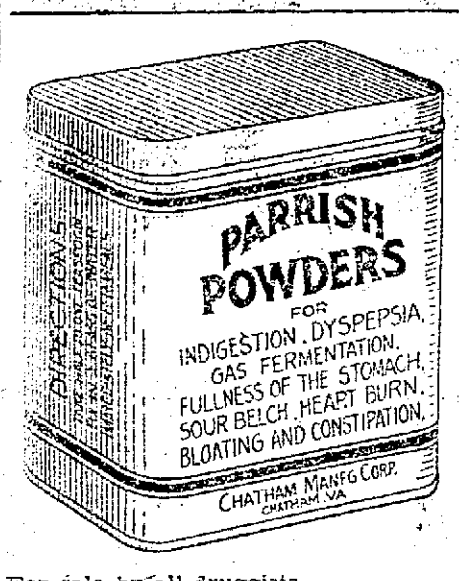

(By The Associated Press.)

BERLIN, Dec. 13.—There are today many Germans who thoroughly believe that the old, red-stamped thousand mark notes of the Reichsbank, issued before the war, have not shared the decline of other paper money, and will some day be redeemed at their face value in gold. Incidentally there is a large group of Russians who feel the same way about the rubles of the days of the Czar.

Trade in the old German money has been especially lively in foreign countries, and all sorts of ruses have been adopted to get these bills out of Germany in violation of the law against such export. Women have sewed them into their clothing, and they have been concealed in every possible way in baggage and freight. Large quantities of this currency ultimately find their way to England and the United States.

## CHINA BUYING

When buying china for every-day use remember that a rolled edge prevents chipping, so it is not necessary to use such thick china.

For sale by all druggists.

# This Little World

By GEORGE BRITT

CHICAGO, Dec. 14.—A few crumbling planks of an old sidewalk buried 1 foot below the present street level, were turned up by excavators the other day to provoke a volume of memories.

Students of city history urged the pick and shovel men to further work. The men uncovered traces of a sewer under the walk. That detail verified the discovery. It was a walk described in the old books as built about a hundred years ago by John Kinzie, "father of Chicago," from his house to the river ferry landing.

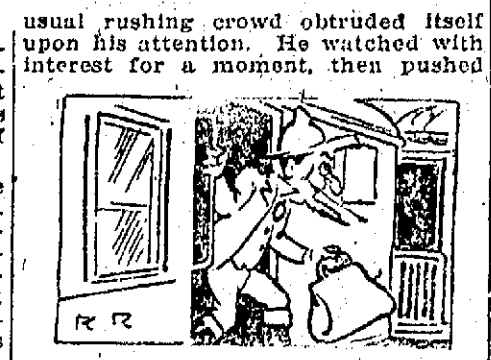

From that same period comes the story of the sale of a section of school land. It occurred 90 years ago. The land was sold mostly on credit at an average of \$8.72 an acre. It is the

square section having its northeast corner at State and Madison streets, now supposed in these parts to be the busiest corner in the world, and worth thousands per front foot.

Further research reveals that Blue Island avenue, one of the main traffic diagonals in the southwest section, was selected anciently as a road because along that line, "cattle could be driven to the city without danger of fright from locomotives."

A downstate farmer arrived in Chicago for his first visit. As he stepped out of the railroad station, the

usual rushing crowd obtruded itself upon his attention. He watched with interest for a moment, then pushed

"Say, mister, what's just let out?"

The states farthest away from Chicago, it seems, are Maine, New Hampshire and Vermont. They are the only states not represented by at least one daily newspaper in the stock of Chicago's largest dealer in "home town" papers. Not enough demand, say the merchant, to justify getting papers from those states. But in his State street stand, half as big as a small chicken coop, he has the latest from every other state and the principal Canadian cities, with England, France and Germany for good measure.

By some miracle index system, he can produce any paper you call for as quickly as if the order were for a current Chicago extra.

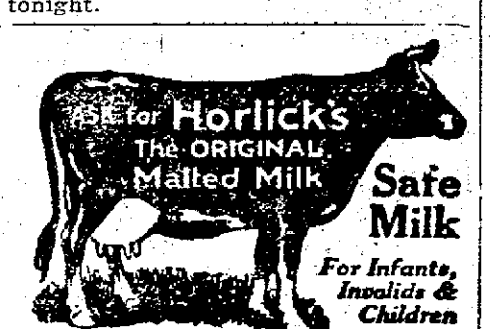

One of the Loop's most familiar and best loved figures passes out of the picture. He was Buddy, "the shuck of Randolph street," petted, beautiful horse of Mounted Policeman Theodore Klank. Gastritis killed him. He ate too much candy. Soots of lumps of sugar were carried from restaurants daily to be kissed from soft hands by Buddy's appreciative lips.

## CLOTHING

ST. LOUIS, Dec. 13.—Indications are good for a continuation of healthy conditions in the clothing business, according to Max Hart of Hart, Schaffner and Marx, who is on a trip in this region. Collections, he added, were above normal.

## TREE MEN KILLED.

(By The Associated Press.)  
LA PORTE, Ind., Dec. 13.—Three men were killed and seven injured, three seriously, when a New York Central switch engine and a gasoline speeder collided six miles west of here tonight.

The Original Food-Drink for All Ages. Quick Lunch at Home, Office & Fountains. Rich Milk, Malted Grain Extract in Powder & Tablet Forms. Nourishing—No cooking. Avoid Imitations and Substitutes.

## MATHEWSON GETS TIERNEY

(By The Associated Press.)

CHICAGO, Dec. 13.—Jimmy Tierney, of the Philadelphia Nationals, was today obtained by the Boston Nationals, President Christy Mathewson announced, in exchange for Horace Ford, second baseman and outfielder Ray Powell. No cash was involved. "Matty" also announced that

Business Manager Hargood, of the Braves, would be succeeded by Fred Mitchell, former manager of the Chicago Nationals.

## WILL CONSIDER CASE

LYNCHBURG, Va., Dec. 13.—A committee presenting Lynchburg College will go tonight to Richmond for conference with Dr. F. W. Boatwright, president of the Virginia

Carolina Intercollegiate Conference, relative to resignation of the local college from that conference and the threatened boycott of Lynchburg College in athletics. The meeting is scheduled for 11 o'clock Friday morning.

It is figured that \$1 will haul a ton of freight 3,000 miles by water and 15 miles by rail.

# From Christmas On-

## "Hey, Fellers - I Got MINE!"

That's the "bicycle smile"—the broadest, happiest, straightest-from-the-heart smile you ever saw on "son's" face. He got his Christmas bicycle.

Now he's all set for the big doings—the joy-rides with the fellows—everywhere—daily growing stronger, the glow of health fairly radiating from him, the open world his playgrounds, clean boys his constant companions.

Get him a bicycle for Christmas—for play, for health, for every-day fun and usefulness. • Your local dealer will be happy to show you the latest preferred models.

## KLAN IS SCORED AT CHURCH MEET

COLUMBUS, O., Dec. 13.—Discussion of inter-racial problems, including a denunciation of the Ku Klux Klan as an organization "embodying many of the evils which the church has been decrying for years," occupied today's session of the annual meeting of the executive committee of the Federal Council of Churches.

The arraignment of the Klan, which came in an address of Mrs. W. C. Winsborough, of St. Louis, was concluded by the suggestion "that the Christian people of America" take a stand against the organization. This, together with other suggestions for co-operation in inter-racial work, was submitted to the business committee which is formulating resolutions, but it was not indicated where the gathering would be asked to take a stand against the Klan. It was pointed out the administrative committee of the council had expressed itself as strongly against such organizations a year ago.

Characterizing the Klan as "the greatest menace of inter-racial good will," Mrs. Winsborough declared that "under the guise of patriotism it is sowing seeds of race hatred, lawlessness and anarchy which, if not checked, will strike at the very life of our government itself."

Mrs. Winsborough's reference was the only one made to the Klan in an afternoon of addresses dealing with the relations of negroes and whites. The northward migration of negroes, which some said was transferring the racial problem to the North, the lynching question, the education of negroes and other phases of inter-racial problems were the themes of the speakers. All agreed that progress had been made through efforts of the council but urged that larger plans, including the dissemination of conciliatory newspaper, material be formulated.

## MARY'S THROUGH!

Mary Lygo, former "Follies" beauty, wishes she never saw the stage. And she is through with it for good, she says. Going back to her mother's Akron, O. Mary tells the world. Her famous "love duel" for the affections of Gordon C. Thorne, Chicago millionaire, is over. She has settled her suits totaling \$200,000 against Thorne, reported at from \$5,000 to \$10,000.

## BUTLER GRANTED A YEAR'S LEAVE

(By The Associated Press.)

WASHINGTON, Dec. 13.—Secretary Denby announced today that by direction of the president he had granted leave to Brigadier General Smedley D. Butler, marine corps, for one year, effective January 1, next which will permit the officer to accept the position of director of public safety of Philadelphia for that period.

General Butler was to have commanded the large detachment of Marines which will play a part in the coming fleet maneuvers and exercises in Southern waters in January and February. Secretary Denby said that Brigadier General Eli Cole, now stationed at Paris Island, South Carolina, would take General Butler's place in command if the marine expeditionary forces for that purpose.

## 300 MOTORISTS SNOW BOUND

(By The Associated Press.)

DENVER, Colo., Dec. 13.—Approximately 300 motorists are snowbound in Nogal Canyon, 25 miles from San Marcial, N. M., according to a long distance telephone appeal for help received here today by the Denver Post. Snow was 20 feet deep in places, according to the message. The Post quoted J. C. Cartwright, of Winnipeg, Canada, as having made the appeal. Two men who Cartwright said were D. M. Blackmore, of Los Angeles, California and James Chestnut of North Dakota, brought word of the conditions in Nogal Canyon.

The reported suffering of the motorists is terrible. Cartwright said, "and women and children are in need of medical attention. Food, nurses, a few doctors and men to

## open up the road to the canyon are needed."

The appeal was turned over to the Red Cross.

## MAY USE SHENANDOAH

(By The Associated Press.)

WASHINGTON, Dec. 13.—Instructions were sent the naval air board today by Secretary Denby to consider possible use of the naval-airship Shenandoah in the contemplated flight next summer to the north pole only on the basis that the ship could be inflated with non-inflammable helium gas for that trip.

Secretary Denby's position is that any increase in efficiency which might result from substituting the more buoyant hydrogen for helium would not warrant exposing the ship and her people to the added dangers involved in the use of an inflammable gas like hydrogen. The navy department, moreover, has been satisfied with the tests of helium gas for aircraft inflation during and since the war.

## TOBACCO MEN WORKING FOR READJUSTMENT OF THE FREIGHT RATES

(By The Associated Press.)

NEW YORK, Dec. 13.—Charles B. Keene, vice president of the American Tobacco Company, and Theodore F. Whitmarsh, president of the Francis & Company, wholesale grocers and cigarists, as members of a committee representing the United States Chamber of Commerce, are working for readjustment of railroad freight rates. With others on the committee, the well-known tobacco merchants declare that the rate problem of the hour is one of better readjustment of relative rates, not a general reduction of all rates.

They declare that freight rates as a whole are not an undue burden or stifling influence on commerce and offer as evidence the heavy carloading on the railroads this year. They hold, however, that a survey of class rates shows a great lack of uniformity either as between classes, between products, or between regions, except in certain limited areas.

## WILL REPLACE JAPANESE MUSEUM

(By The Associated Press.)

TOKIO, Dec. 13.—The Japanese government announced today that it intends to endeavor to replace the great museum which he presented to the nation some years ago, and which was destroyed in the fire following the earthquake.

The collection was one of the chief attractions to foreign visitors to Tokyo and was of enormous value. Many of the relics cannot now be duplicated. A few were saved, having been removed to a fireproof warehouse, as the fire approached. The collection cost Baron Okura about \$2,500,000.

## WONT CHANGE WAGES.

(By The Associated Press.)

WASHINGTON, Dec. 13.—Examination by the Navy Wage Board of Reports as to wage conditions in the various naval districts has disclosed no reason for important changes in navy yard wage scales now prevailing.

**Waterproofing  
the Ark**

THE BIBLE tells us how Noah used "pitch" to tighten the seams of his Ark. Biblical students agree that the word means bitumen, or crude petroleum. Again, in Deuteronomy, there is mention of "oil out of flinty rock." And the "shim" referred to in connection with the Tower of Babel is doubtless crude oil in one of its many forms.

WHEN we realize that knowledge of oil reaches back as far as the time of Noah, we understand how in these advanced days we can have perfect Kerosene.

The place of highest honor held consistently for 45 years by The Red "C" Oil and The White "C" Oil, same except in color, is the reward of our unceasing efforts to produce the best Kerosene on the market.

## Navy Expected To Vindicate Peary

**Baldwin Charges His Is Much a Fake as Dr. Cook and That He Never Reached the North Pole.**

BY JOHN EDWIN NEVIN  
(Copyright, 1923, by The Bee)  
WASHINGTON, Dec. 14.—The United States navy will vindicate Admiral Peary.

That is the opinion by naval officers who today discussed the charges made by Captain E. B. Baldwin, before the naval air service personnel at Lakehurst that Peary was in some ways "as much of a faker as Dr. Cook," now under prison sentence for selling bogus oil stock.

Baldwin does not believe that Peary ever reached the North Pole. This, despite the verdict of the various scientific bodies that investigated his proofs and eventually O. K.'d them. He insists that Peary duties were too conclusive, and failed properly to take into account the swift polar ice drift.

Naval experts on polar exploration believe that Peary actually reached the pole, although they freely admit that his observations were of little scientific value. They are convinced, however, that when the naval expedition completes its work—probably next summer, the real truth of what is hidden behind the ice barriers of the Arctic circle will be revealed to all.

Contrary to general belief, there has been no specific plan decided on for the expedition. The board of officers named by Secretary Denby to investigate and map out the trip, still are at its task, headed by Rear Admiral Moffett, chief of the bureau of aeronautics.

One of the first problems to be solved is whether airplanes, or the new dirigible Shenandoah or both, shall be used to transport the explorers. The manner in which the Shenandoah has met every test to which has been put has given her backers a strong argument in favor of her being used as the chief space annihilator, escorted by a fleet or large naval planes.

Nome, Alaska, has been suggested, and probably will be selected, as the base of operations, with stations located at convenient points northward to the last possible point of travel.

Whether a journey such as now is at Lakehurst would have to be built, or whether mooring masts would be sufficient to hold the Shenandoah in the teeth of semi-hurricane winds, has not been determined. But members of the board say this is a detail that can be worked out at leisure.

Antarctica will be used in the expedition will be taken to the far North on a ship especially equipped with launching devices and the like. It is interesting to note that Lieutenant Commander Robert A. Bartlett, who is one of the principal advisors and experts in the proposed expedition, has suggested for this purpose, the purchase of the Roosevelt, which Peary used on his trip to the pole.

Men Are Nowadays the "Weaker Sex" When It Comes to Hanging a Woman

By L. C. OWEN  
(Copyright, 1923, by The Bee)  
SAN FRANCISCO, Dec. 13.—It is the male of the species and not the female folk who must be designated as members of the "Weaker Sex."

Women will vote to hang a woman without compunction. Men won't and they will not serve upon a jury to try a woman for murder if they can get out of it.

This fact has been demonstrated here at the trial of Mrs. Grace Baratti for the murder of her husband, which was fully under way today after six days had been devoted to securing a jury.

As finally impaneled the jury consists of eight women and four men. In order to get the four men it was necessary to examine 47 veniremen while the eight women were chosen from only sixteen.

Not one of the eight women in the jury box expressing the slightest hesitation in saying that she would be ready and willing to vote for a death verdict for Mrs. Baratti if the State produced evidence showing her guilty of first degree murder. Of the eight other women examined and excused for other reasons only two said they

would not inflict the death penalty.

The comparative department of prospective men and women jurors, while under examination in a murder case might furnish interesting study for psychologists.

"Have you any scruples against the death penalty for a woman?" asks the prosecution.

The male juror looks over a pretty defendant, probably conjures up a picture of her, attired in a becoming lace picture hat and natty gown, swinging at the end of a hangman's rope and then invariably returns the same answer:

"Yes, I am against hanging a woman."

The woman juror casts a casual glance in the direction of the defendant, sets her jaw hard, and calmly:

"No, I would vote for the death penalty if the evidence showed her guilty."

Mrs. Baratti is charged with the murder of her husband who was a nationally known musician and orchestra leader. He was found shot to death in their home nearly a year ago and the prosecution charges the wife killed him after a quarrel prompted by jealousy.

throw the organizations support to the favored ticket.

Former Representative Charles H. Randall, of California, who was the party's first successful Congressional candidate, told the committee that an independent party, with a platform likely to appeal to the prohibition party, was sure to be formed. It will be headed, he predicted, by Senator LaFollette of Wisconsin, or Henry Ford, and may advance a ticket that the prohibitionists could support.

**John Morehead Is Laid at Rest**

(By The Associated Press)  
CHARLOTTE, N. C., Dec. 14.—John M. Morehead, former representative in Congress from the Fifth Carolina district, who died of pneumonia yesterday, was buried here today.

The funeral services were conducted at the Morehead residence by Rev. Albert Sidney Johnson, pastor of the First Presbyterian Church. Burial was in Elmwood cemetery.

**Drys Plan to Nominate Their Own Candidates**

(By The Associated Press)  
WASHINGTON, Dec. 14.—The prohibition party plans to take no chances about finding a ticket it can support in the 1924 campaign among those to be chosen by the other political organizations, but will nominate candidates of its own before the Republican and Democratic national conventions have an opportunity to name their standard bearers.

Decision to put a ticket, into the field was reported here last night by the national committee of the party which selected Columbus, Ohio, as the convention city and instructed its executive committee to fix date prior to June 10.

It was indicated by some of the addresses, however, that if either of the big parties or an independent should nominate candidates satisfactory to the prohibitionists, the latter's nominees might withdraw and

## Churches Council Wants to See U. S. In World Court

(By The Associated Press)  
NEW YORK, Dec. 14.—Specific requests of Bishop William T. Manning, of the Protestant Episcopal Diocese of New York, regarding future activities at St. Marx-in-the-Bowery, recently the scene of symbolic church services which have included classical dancing, are expected to be considered at a meeting today of Dr. Norman Guthrie, rector of the church, with his vestrymen.

Endorsed and thinly-clad young women at previous services were principals in classical dances which, according to Dr. Guthrie brought to church-goers "beauty with which to fight the filth and prurience of New York today."

Newspaper accounts of the dances so "shocked and scandalized" Bishop Manning that he summoned Dr. Guthrie, but after the conference he re-

fracted; it scours out the dangerous toxic poisons; it puts you back on schedule time without irritation or discomfort!

Don't delay eating Kellogg's Bran each day in some form! Try it as a cereal sprinkled over your favorite hot or cold cereal or cook it with hot cereals. In the latter case, add two tablespoonsful for each person and mix with the regular cereal and cook as usual.

Kellogg's Bran is simply delicious made into muffins, popovers, raisin bread, macaroons, pancakes, etc. Recipes are on every package! For health's sake get some Kellogg's Bran immediately. All grocers.

First-class hotels and clubs serve Kellogg's Bran in individual packages. Ask for it at your restaurant.

Kellogg's Bran is wonderful in its natural, positive action. It sweeps and cleanses and purifies the bowel

## Every Minute Counts in the fight against constipation!

Once let constipation get a grip on you, and your system is wide open to 90% of human ailments. Statistics show that to be the proportion of illness that has constipation for a starting point. Pills and cathartics are as dangerous to the system as constipation!

Your physician will recommend Kellogg's Bran, because it is nature's own relief from constipation. It is scientifically prepared to relieve suffering humanity from constipation and it will do what no other food can do! It will give every sufferer permanent relief if it is eaten regularly—at least two tablespoonsful daily; as much with each meal in chronic cases!

Kellogg's Bran is wonderful in its natural, positive action. It sweeps and cleanses and purifies the bowel

tract; it scours out the dangerous toxic poisons; it puts you back on schedule time without irritation or discomfort!

Don't delay eating Kellogg's Bran each day in some form! Try it as a cereal sprinkled over your favorite hot or cold cereal or cook it with hot cereals. In the latter case, add two tablespoonsful for each person and mix with the regular cereal and cook as usual.

Kellogg's Bran is simply delicious made into muffins, popovers, raisin bread, macaroons, pancakes, etc. Recipes are on every package! For health's sake get some Kellogg's Bran immediately. All grocers.

First-class hotels and clubs serve Kellogg's Bran in individual packages. Ask for it at your restaurant.

## Rum Smuggler Puts Up Fight On Arrest

Christ Petrov, said to be from Marinville, is in jail at Chatham, convicted of operating an automobile while intoxicated, and held on a further charge of violating the Mapp Act. He was caught ten miles from Chatham a few nights ago with 147 gallons of liquor in two automobiles, both of which have been seized and the liquor poured out. The officers who made the arrest, Deputy Sheriff Rowles and Adkins, report a sharp tussle with the man when they sought to take him into custody.

### MASONIC NOTICE

Brethren: Roman ESagle Lodge, No. 122 A. F. & A. M., will confer the E. A. degree tonight, Dec. 14th, 1923. By order W. M. D. H. PENN. Secretary.

## Local Druggists Guarantee Rheuma For Rheumatism

What chance does any sufferer take when Rheuma is guaranteed to banish rheumatism, lumbago, gout and kidney ailments or money back? Why not investigate this offer? Talk to Patterson Drug Co. about it. Rheuma must drive rheumatic poison from the system, bring swollen joints to normal and relieve all agony, or it costs nothing.

People so crippled with rheumatism that they could not walk have been absolutely freed from the iron grasp of the demon, rheumatism, with the Rheuma treatment. A few hours after the first dose Rheuma begins to drive the dangerous poisons that cause stiffness and pain in the joints and muscles from the body through the natural channels. Everybody can afford Rheuma—it's not expensive, and money back if not entirely satisfied.—adv

## PLENTY OF ROOM IN CLEVELAND FOR G. O. P.

Here is Cleveland's new Public Auditorium, where the Republican party will meet next June to pick its candidate for the presidency. It is the largest building of its kind in the world, can seat 12,500 persons and has facilities for seating several thousand more in a pinch. In addition to its large hall, the auditorium has 70 smaller rooms where private caucuses and committee meetings may be held. The building was erected at a cost of approximately \$6,500,000.

Here are some of the reasons why Cleveland was chosen as the Republican convention city in 1924:

Government weather reports show the average temperature for June in Cleveland since 1871 has been 67.5 degrees.

There are available 17,832 hotel rooms.

Hotel keepers and restaurateurs have guaranteed there will be no rise in prices during the convention.

Ohio statutes provide that the price of each bedroom be registered with the secretary of state.

The Public Auditorium is in the center of the city, convenient to all hotels.

Its floor space is 30,900 square feet on the first floor alone. Cleveland has taken care of conventions attended by as high as 65,000 persons.

Fifty per cent of the population of the United States and Canada can reach Cleveland in 12 to 14 hours.

By ERNEST L. LYNN

Cleveland, Dec. 14.—One day a prize fight, the next a circus or a poultry show, or perhaps a basketball game.

Such is the diversified use to which Cleveland's public auditorium, scene of the 1924 Republican national convention, has been put in the brief two years of its existence.

Erected at a cost of \$6,500,000, capable of seating 12,500 spectators, situated in the very heart of the city, the auditorium has supplied a long-felt need as a civic center and has staged every conceivable kind of attraction, from an automobile exposition to a concert by Paderewski or John McCormack.

Indeed, as news came that Cleveland was to be awarded the Republican nominating convention, the building was housing a circus and Lincoln G. Dicker, auditorium manager, was making arrangements for a national polo tournament.

And while the polo tilts were being fought on the main floor or arena, a poultry show was in progress on the basement exhibition floor.

Basketball games, prize fights, track meets, food shows and large conventions such as the Grotto gathering last summer and last year's meeting of the National Education Association—all have taken their turn in Cleveland's mammoth hall.

When Paderewski was here last, the great pianist had a sudden case

of temper when it developed he was co-starring with a flock of prize roosters on the floor below. During a rehearsal, the loud crowing of the lordly barnyard fowl could be heard above the famous Paderewski music.

And it was not until sound-proof padding had been placed between him and the roosters that the pianist consented to appear.

## Don't Let High Blood Pressure Shorten Your Life

Those who have suffered from general weakness, dizziness, palpitation and other symptoms of high blood pressure and who have feared that their troubles might even end in sudden death, will be delighted with this new opportunity for quick relief and renewed health.

An eminent physician has been so successful in treating high blood pressure that physicians everywhere have been prescribing his treatment. The use of his prescription has become so widespread that it has now been placed in all good drug stores under the name "Bialin."

It is absolutely harmless and contains no habit-forming drugs. It acts by driving out even from the most remote corners, which most treatments do not reach, the poisons that clog the system and bring on high blood pressure.

Patients report that their distressful symptoms stop almost immediately and there comes a power and vigor that makes them feel younger and look younger with every vital organ functioning with the vigor of former years.

You can get Bi-a-lin in convenient tablet form at all good druggists such as Frank E. McFall, J. C. McFall's Drug Store, Patterson Drug Co., Jacobs Drug Store, Stephenson's Drug Store.—adv.

## Church Officials Meet to Take Up Dance Question

(By The Associated Press)  
COLUMBUS, Ohio, Dec. 14.—Retraction of the appeal of the federal council of churches for entrance of the United States into the world court was expected to mark closing sessions of the annual meeting of the executive committee of the organization here today.

"A declaration of ideals," calling upon the churches of America to push

## When Joint-Ease Gets In—Joint Agony Gets Out

If you want to take the pain and misery out of rheumatic joints or reduce the swelling—or limber up stiff creaky joints—then you want Joint-Ease—it's for the joints only—that's why it succeeds where ordinary remedies fail. 60 cents a tube at all druggists and pharmacists.—adv.

their campaign for a "warless world" and upon the United States to participate more generally in international affairs, had been prepared by

the business sub-committee and was submitted to the gathering for ratification today. Officials said there was little doubt of its approval.

## TOO MUCH URIC ACID?

LET US SEND YOU THE WILLIAMS TREATMENT FREE 85 CENT BOTTLE (32 DOSES)

Just because you start the day "too tired to get up," arms and legs stiff, muscles sore; with burning, aching back and dull head—Worn OUT before the day begins—do not think you have to stay in such condition.

Rheumatism, kidney and bladder troubles, and all ailments caused by excessive acidity make one miserable. Be strong and well. Get rid of the "rheumatic" pains, stiff joints, sore muscles, "acid" stomach. Kidney or Bladder troubles so often caused by body-made acids.

If you have been ailing for a long time, taking all sorts of medicines without benefit, let The Williams Treatment prove to you what great relief it gives in the most stubborn cases. Since 1892 hundreds of thousands have used it.

If your sleep is broken by an irritated bladder that wakes you up every few hours, you will appreciate the rest and comfort you get from the free bottle (32 doses).

To prove The Williams Treatment conquers kidney and bladder diseases, rheumatism and all other ailments when due to excessive uric acid, no matter how chronic or stubborn, we will give one 85c bottle (32 doses) free, if you send this r.

Send 10 cents to help pay postage, packing, etc., to The Dr. D. A. Williams Company, Dept. BA 1860, P. O. Building, East Hampton Conn. Send at once and you will receive by parcel post, a regular, 85c bottle, without charge and without incurring any obligation. Only one bottle to the same address or family. Nothing sent C. O. D.—adv.

## Says Equipment Industry Had a Successful Year

WELLESLEY HILLS, MASS., Dec. 13.—Roger W. Babson has just completed a survey of the equipment industry. His findings summarized in a statement issued today, are of vital interest to investors.

"The recovery in business conditions early this year, combined with increasing prosperity of the railroads, has brought unusual activity into equipment lines," says Mr. Babson. "The \$923,000,000 program instituted was pretty well followed out. Increased efficiency of operation, combined with large deliveries of rolling stock, have permitted the railroads to handle the record car loadings of 1923 without difficulty.

"Last April the car service division of the American Railway Association set up a goal for the railroads to meet by October, namely, a reduction of bad order cars to 5 per cent, and of locomotives awaiting heavy repairs to 15 per cent. The month was passed shortly before the time designated. The result of this situation, together with heavy deliveries of new rolling stock and increased efficiency of operation generally, has been an increase in ability to pass through a period of record car loadings with a surplus instead of the customary shortage of cars.

"In a recent estimate the United States Chamber of Commerce set a figure of \$7,575,000,000 as the possible equipment program for the next ten years. This gives an annual average substantially below that of the year just past even without consideration of probable growth of the country and transportation needs during the period mentioned.

"There are a number of important points to remember in connection with the equipment industry:

1. The increased prosperity of the railroads has made possible very heavy equipment buying with the result that any acute shortage has been fairly well rectified.

2. More efficient repairing has reduced 'bad order' cars to a minimum. Larger percentage than ever before is available for regular duty.

3. Tendency toward greater efficiency of operation, or, in other words, increased car miles, tends to cut down needs in this respect.

4. Business conditions are not sufficiently promising for the immediate future to indicate any equipment needs comparable to those existing at this time a year ago. General business as reflected on the Babson chart is now running 7 per cent below normal.

"Under the conditions outlined equipment companies must look for a slackening of demand. Those railroads which are able to exceed 8 per cent return on total bonds and stocks, the amount permitted under the Transportation Act of 1920, before consideration is given to the so-called Recapture Clause of that Act, may logically be disposed to place a considerable portion of the excess in maintenance and equipment. This is not, however, a factor that should loom large in the 1924 situation. The possible desires in this direction will be checked by recognition of the abnormal equipment program which has been enforced this year and the relative business of the future.

"There is nothing in the immediate situation in respect to stocks of the companies concerned which seems them apart from the stock market as a whole," continued Mr. Babson. "The various issues listed on the Exchange have shown a very different price trend than that of the general market. Contrary to the average of industrial securities, the equipments sold at far higher levels in late 1922 and early 1923 than were seen in either the 1916 or 1919 markets. The relatively conservative course that has been followed in respect to dividend payments is largely responsible for this. Earnings in 1922 were actually far below the showing made in any of the years 1916 to 1920 inclusive. It may logically be assumed, therefore, that the abnormal stock prices existing on a basis of earnings hardly better than 1913, must fall back on the factor of accumulated earnings.

"The prosperity of the war period has been taken by the more conservative managed equipment companies as an opportunity to charge off large amounts for depreciation and put plants in A-1 mechanical shape and increase quick assets to such levels that substantial dividends can be paid out for some time even in the face of falling earning power. This situation has really made a very definite and fundamental change in the position of equipment companies in general. No stocks will indefinitely follow a trend contrary to current earning power and the future of these issues from the market standpoint obviously depends on their ability to earn a substantial return on current business. Because of the situation outlined, however, it would take long periods of very poor earnings before the stocks concerned could well be expected to return to pre-war levels.

There seems room for continued steady earning power with continued growth of the country and so long as the railroads are permitted to make a satisfactory return. Future market movements should find the standard equipments receiving their share of favorable attention. Considering the various factors discussed, together with the long term trend of commodity prices, however, there is certainly no reason for believing that the stock will be an exception to the general trend of the market."

## LETTERS TO

### SANTA CLAUS

Dear Santa Claus:  
I am a little boy nine years old. Please bring me a bicycle and a pair of skates and a train and a rake, and some fruit, candy, nuts, and I will try to be a nice boy till you come.  
ANDREW KING,  
121 Temple Ave., Danville, Va.  
Dec. 13, 1923.

Dear Santa Claus:  
I am a little girl six years old. I am not in school yet. Please bring me a car and a little train, a wheelbarrow, and a shovel and a rake to rake my mother's yard with, a ball, and please bring me some nuts, candy, fruits and other good things. Your little boy  
JOHNSON KING,  
121 Temple Ave., Danville, Va.

Dear Santa Claus:  
I am a little girl nine years old. Please bring me a box of water colors and a pencil box and a thick tablet and some confetti. I will try to be a good little girl.  
VIRGINIA CARTER,  
847 Lee St., Danville, Va.

Dear Santa Claus:  
I know you like to make children happy so I am going to ask you to bring me something that will make me happy. Please bring me a watch, bracelet and nuts, oranges and candy. Your little friend,  
VERNA FRANCISCO.

Dear Santa Claus:  
I am a little girl, five years old. I want you to bring me a big doll that can open and shut her eyes, and a little bed to put my doll to sleep in, and some bedroom slippers, pink, and a little table and dishes and chairs and a bath robe and some handkerchiefs. And please don't forget my brother Harry. So goodbye, I will be a good little girl. LOUISE SAUNDERS,  
R. F. D. No. 4, Danville, Va.

Dear Santa Claus:  
Please bring me a tricycle and some candy, oranges, grapes, bananas. I would like to have a watch, don't forget my little sister, Mary Irvin, she lives with my grandmother, Mrs. S. G. Woods.  
EDWIN CARTER.

Dear Santa Claus:  
Please bring me a baseball mask for the catches and a flashlight and some nuts, candy, oranges, bananas, grapes, apples and some tangerines. Hope you will have good weather.  
FRANK CARTER.

Dear Santa Claus:  
Please bring me a box of water colors, a pencil box and a pencil where you can put the lead in. I would like to have some candy, nuts, oranges, bananas, grapes and apples. I will try to be a good little girl and help mother get ready for Christmas.  
LUCY PAYLOR CARTER.

Dear Santa Claus:  
I am a boy nine years old. I want a wagon that you can hitch a pony to. I want a rubber ball. I want a pony, bridge, I want a watch. I want a horn. I want a pop gun.  
(UNSIGNED)

Dry Fork, Va., Dec. 10, 1923.  
Dear Santa Claus:  
We are two little twin sisters, 9 years old. We go to school every day. We are looking for you Christmas. Will you please bring us a doll, a pig, some stationary, a doll table, a little Bible and some candy and fruit and fireworks and don't forget Mamma and Daddy. Please be sure and come Santa. We will go to bed early and be good. Your little friends,  
EULA and EUNICE JONES.

Dec. 11, 1923.  
Dear Santa Claus:  
I am a little girl that loves you SO much. I will be three years old in January. I want you to please, sir, bring me a doll baby, and some candy, apples, sugar plums and everything good to eat.  
I have little twin brothers, just 8 months old, please don't forget them. With lots of love, from your little girl,  
LUCY TABOR SLADE,  
Blanch, N. C.

Dear Santa Claus:  
I want you to please bring me a watch and a vanity case and a nice pencil box, full of pencils and a pencil sharpener and a nice rubber and some handkerchiefs and a story book and fill my stockings full of goodies, and please bring me some devil spiders and some quilts, and some sparkling and any other things you want to.  
Well, goodbye, you sweet thing.  
MAMIE WATSON.

Be sure to come to see us, Santa Claus. I live on 921 Paxton Ave., Danville, Va., and I go to bed at eight o'clock.

A Costly Coincidence  
"Yes," said the dark man, "my name is Isaac Abraham Jacob Cohen, but I don't like it. It cost me 20 pounds the other day."  
"How on earth was that?" asked his friend.  
"It was this way. I was in court, and the judge said to me, 'Take your name,' and I said 'Isaac Abraham Jacob Cohen,' and he said, 'Are you a Jew?' and I said, 'Yes,' and he said, 'You are a Jew?' and he fined me 20 pounds."—London Daily News.

# FORCED TO CLOSE OUR DOORS STOCK SLAUGHTERED FOR CASH SALE!

## Why I Am Here!

Our store has been leased. We have just TWENTY days to get rid of every suit, and Overcoat we have before bidding you good-bye, and if price will do it, I am going to do it. ## Waterproofing the Ark

THE BIBLE tells us how Noah used "pitch" to tighten the seams of his Ark. Biblical students agree that the word means bitumen, or crude petroleum. Again, in Deuteronomy, there is mention of "oil out of flinty rock." And the "slime" referred to in connection with the Tower of Babel is doubtless crude oil in one of its many forms.

WHEN we realize that knowledge of oil reaches back as far as the time of Noah, we understand how in these advanced days we can have perfect Kerosene.

The place of highest honor held consistently for 45 years

by The Red "C" Oil and The White "C" Oil, same except in color, is the reward of our unceasing efforts to produce the best Kerosene on the market.

## Navy Expected To Vindicate Peary

Baldwin Charges He Is Much a Fake as Dr. Cook and That He Never Reached the North Pole.

BY JOHN EDWIN NEVIN  
(Copyright, 1923, by The Bee)  
WASHINGTON, Dec. 14.—The United States navy will vindicate Admiral Peary.

That is the opinion by naval officers who today discussed the charges made by Captain E. B. Baldwin, before the naval air service personnel at Lakehurst that Peary was in some ways "as much of a faker as Dr. Cook," now under prison sentence for selling bogus oil stock.

Baldwin does not believe that Peary ever reached the North Pole. This, despite the verdict of the various scientific bodies that investigated his proofs and eventually O. K'd them. He insists that Peary duties were "Too conclusive, and failed properly to take into account the swift polar ice drift."

Naval experts on polar exploration believe that Peary actually reached the pole, although they freely admit that his observations were of little scientific value. They are convinced, however, that when the naval expedition completes its work—probably next summer, the real truth of what is hidden behind the ice barriers of the Arctic circle will be revealed to all.

Men Are Nowadays the "Weaker Sex" When It Comes to Hanging a Woman

By L. C. OWEN  
(Copyright, 1923, by The Bee.)  
SAN FRANCISCO, Dec. 13.—It is the male of the species and not the women folk who must be designated as members of the "Weaker Sex."

Women will vote to hang a woman without compunction. Men won't and they will not serve upon a jury to try a woman for murder if they can get out of it.

This fact has been demonstrated here at the trial of Mrs. Grace Baratti for the murder of her husband, which was fully under way today after six days had been devoted to securing a jury.

As finally impaneled the jury consists of eight women and four men. In order to get the four men it was necessary to examine 47 veniremen while the eight women were chosen from only sixteen.

Not one of the eight women in the jury box expressing the slightest hesitation in saying that she would be ready to vote for a death verdict for Mrs. Baratti if the State produced evidence showing her guilty of first degree murder. Of the eight other women examined and excused for other reasons only two said they

would not inflict the death penalty.

The comparative department of prospective men and women jurors, while under examination in a murder case might furnish interesting study for psychologists.

"Have you any scruples against the death penalty for a woman?" asks the prosecution.

The male juror looks over a pretty defendant, probably conjures up a picture of her, attired in a becoming lace picture and a natty gown, swinging at the end of a hangman's rope and then invariably returns the same answer:

"Yes, I am against hanging a woman."

The woman juror casts a casual glance in the direction of the defendant, sets her jaw hard, and calmly:

"No, I would vote for the death penalty if the evidence showed her guilty."

Mrs. Baratti is charged with the murder of her husband, who was a nationally known musician and orchestra leader. He was found shot to death in their home nearly a year ago and the prosecution charges the wife killed him after a quarrel prompted by jealousy.

throw the organizations support to the favored ticket.

Former Representative Charles H. Randall, of California, who was the party's first successful Congressional candidate, told the committee that an independent party, with a platform likely to appeal to the prohibition party, was sure to be formed.

It will be headed, he predicted, by Senator LaFollette of Wisconsin, or Henry Ford, and may advance a ticket that the prohibitionists could support.

John Morehead Is Laid at Rest  
(By The Associated Press.)  
CHARLOTTE, N. C., Dec. 14.—John M. Morehead, former representative in Congress from the Fifth Carolina district, who died of pneumonia yesterday, was buried here today.

The funeral services were conducted at the Morehead residence by Rev. Albert Sidney Johnson, pastor of the First Presbyterian Church. Burial was in Elmwood cemetery.

### Drys Plan to Nominate Their Own Candidates

(By The Associated Press.)  
WASHINGTON, Dec. 14.—The prohibition party plans to take no chances about finding a ticket it can support in the 1924 campaign among those to be chosen by the other political organizations, but will nominate candidates of its own before the Republican and Democratic national conventions have an opportunity to name their standard bearers.

Decision to put a ticket into the field was reported here last night by the national committee of the party, which selected Columbus, Ohio, as the convention city and instructed its executive committee to fix a date prior to June 10. It was indicated by some of the addresses, however, that if either of the big parties or an independent should nominate candidates satisfactory to the prohibitionists, the latter's nominees might withdraw and

## Churches Council Wants to See U. S. In World Court

(By The Associated Press.)  
NEW YORK, Dec. 14.—Specific requests of Bishop William T. Manning, of the Protestant Episcopal Diocese of New York, regarding future activities at St. Marx-in-the-Bowery, recently the scene of symbolic church services which have included classical dancing, are expected to be considered at a meeting today of Dr. Norman Guthrie, rector of the church, with his vestrymen.

Barfooted and thinly-clad young women at previous services were principals in classical dances which, according to Dr. Guthrie brought to church-goers "beauty with which to fight the filth and purulence of New York today."

Newsweek accounts of the dances so "shocked and scandalized" Bishop Manning that he summoned Dr. Guthrie, but after the conference he re-

fracted; it scours out the dangerous toxic poisons; it puts you back on schedule time without irritation or discomfort!

Don't delay eating Kellogg's Bran each day in some form. Try it as a cereal sprinkled over your favorite hot or cold cereal or cook it with hot cereals. In the latter case, add two tablespoonsful for each person and mix with the regular cereal and cook as usual.

Kellogg's Bran is simply delicious made into muffins, popovers, raisin bread, macaroons, pancakes, etc. Recipes are on every package! For health's sake get some Kellogg's Bran immediately. All grocers.

First-class hotels and clubs serve Kellogg's Bran in individual packages. Ask for it at your restaurant.

## Rum Smuggler Puts Up Fight On Arrest

Christ Petrov, said to be from Martinsville, is in jail at Chatham, convicted of operating an automobile while intoxicated, and held on a further charge of violating the Mapp Act. He was caught ten miles from Chatham a few nights ago with 147 gallons of liquor in two automobiles, both of which have been seized and the liquor poured out. The officers who made the arrest, Deputy Sheriffs Rowles and Adkins, report a sharp tussle with the man when they sought to take him into custody.

### MASONIC NOTICE:

Secretary.

## Local Druggists Guarantee Rheuma For Rheumatism

What chance does any sufferer take when Rheuma is guaranteed to banish rheumatism, lumbago, gout and kidney ailments or money back? Why not investigate this offer? Talk to Patterson Drug Co. about it. Rheuma must drive rheumatic poison from the system, bring swollen joints to normal and relieve all agony, or it costs nothing.

People so crippled with rheumatism that they could not walk have been absolutely free from the iron grasp of the demon, rheumatism, with the Rheuma treatment. A few hours after the first dose Rheuma begins to drive the dangerous poisons that cause stiffness and pain in the joints and muscles from the body through the natural channels.

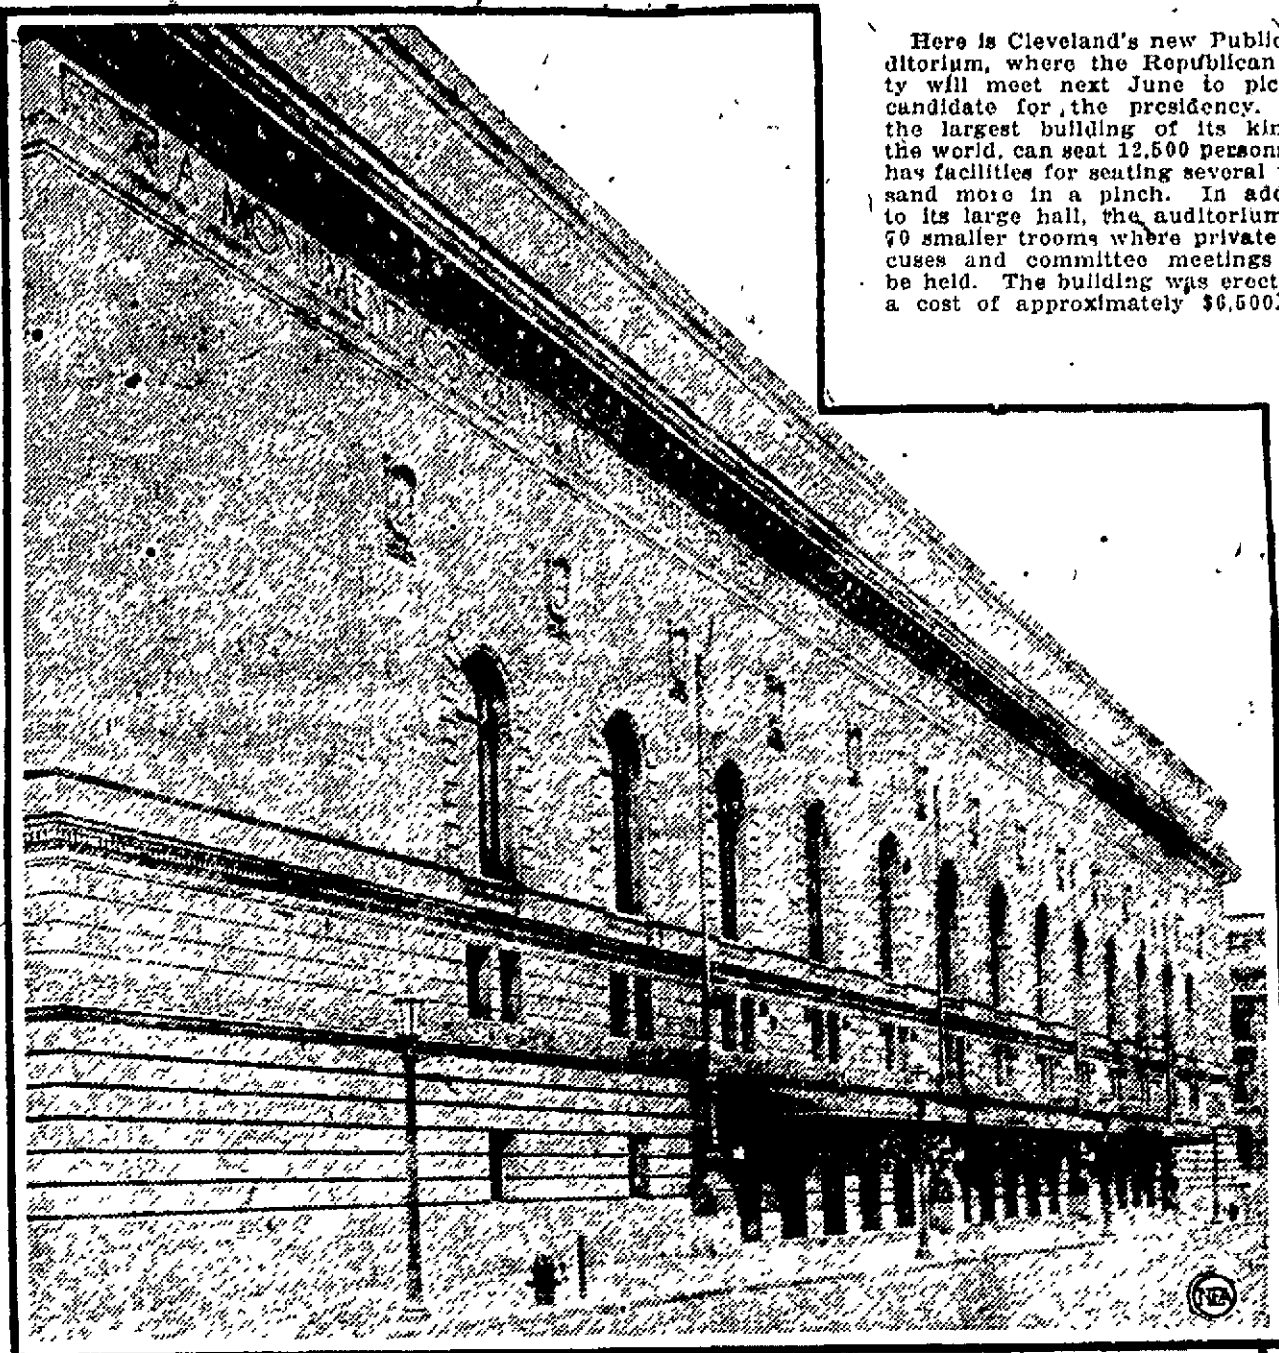

Everybody can afford Rheuma—it's not expensive, and money back if not entirely satisfied.—adv.

## PLENTY OF ROOM IN CLEVELAND FOR G. O. P.

Here is Cleveland's new Public Auditorium, where the Republican party will meet next June to pick its candidate for the presidency. It is the largest building of its kind in the world, can seat 12,500 persons and has facilities for seating several thousand more in a pinch. In addition to its large hall, the auditorium has 50 smaller rooms where private caucuses and committee meetings may be held. The building was erected at a cost of approximately \$6,500,000.

Here are some of the reasons why Cleveland was chosen as the Republican convention city in 1924:  
Government weather reports show the average temperature for June in Cleveland since 1871 has been 67.3 degrees.  
There are available 17,832 hotel rooms.  
Hotel keepers and restaurateurs have guaranteed there will be no rise in prices during the convention.

Ohio statutes provide that the price of each bedroom be registered with the secretary of state. The Public Auditorium is in the center of the city; convenient to all hotels.  
Its floor space is 30,000 square feet on the first floor alone.  
Cleveland has taken care of conventions attended by as high as 85,000 persons.  
Fifty per cent. of the population of the United States and Canada can reach Cleveland in 12 to 14 hours.

By ERNEST L. LYNN  
Cleveland, Dec. 14.—One day a prize fight, the next a convention of educators, then a circus or a poultry show, or perhaps a basketball game.

Such is the diversified use to which Cleveland's public auditorium, scene of the 1924 Republican national convention, has been put, in the brief two years of its existence.  
Erected at a cost of \$6,500,000, capable of seating 12,500 spectators, situated in the very heart of the city, the auditorium has supplied a long-felt need as a civic center and has staged every conceivable kind of attraction from an automobile exposition to a concert by Paderewski or John McCormack.

Indeed, as news came that Cleveland was to be awarded the Republican nominating convention, the building was housing a circus and Lincoln Dickey, auditorium manager, was making arrangements for a national polo tournament.

And while the polo tilts were being fought on the main floor or arena, a poultry show was in progress on the basement exhibition floor.

Basketball games, prize fights, track meets, food shows and large conventions such as the Grotto gathering last summer and last year's meeting of the National Education Association—all have taken their turn in Cleveland's mammoth hall.

When Paderewski was here last the great pianist had a sudden case

of temperament when it developed he was starting with a flock of prize roosters on the floor below. During a rehearsal, the loud crowing of the lordly barnyard fowl could be heard above the famous Paderewski music.

And it was not until sound-proof padding had been placed between him and the roosters that the pianist consented to appear.

## Don't Let High Blood Pressure Shorten Your Life

Those who have suffered from general weakness, dizziness, palpitation and other symptoms of high blood pressure and who have feared that their troubles might even end in sudden death, will be delighted with this new opportunity for quick relief and renewed health.

An eminent physician has been so successful in treating high blood pressure that physicians everywhere have been prescribing his treatment. The use of his prescription has become so widespread that it has now been placed in all good drug stores under the name "Elixir."

It is absolutely harmless and contains no habit-forming drugs. It acts by driving out even from the most remote corners, which most treatments do not reach, the poisons that clog the system and bring on high blood pressure.

Patients report that their distressful symptoms stop almost immediately and there comes a power and vigor that makes them feel younger and look younger; with every vital organ functioning with the vigor of former years.

You can get Bi-a-lin in convenient tablet form at all good druggists such as Frank B. McFall, J. C. McFall's Drug Store, Paterson Drug Co., Jacobs Drug Store, Stephenson's Drug Store.—adv.

## Church Officials Meet to Take Up Dance Question

(By The Associated Press)  
COLUMBUS, Ohio, Dec. 14.—Retraction of the appeal of the federal council of churches for entrance of the United States into the world court was expected to mark closing sessions of the annual meeting of the executive committee of the organization here today.  
"A declaration of ideals" calling upon the churches of America to push

## When Joint-Ease Gets In—Joint Agony Gets Out

If you want to take the pain and misery out of rheumatic joints or reduce the swelling—or limber up stiff creaky joints—then you want Joint-Ease—it's for the joints only—that's why it succeeds when ordinary remedies fail. 60 cents a tube at all druggists and pharmacists.—adv.

their campaign for a "warless world" and upon the United States to participate more generally in international affairs, had been prepared by

the business sub-committee and was submitted to the gathering for ratification today. Officials said there was little doubt of its approval.

## TOO MUCH URIC ACID?

LET US SEND YOU THE WILLIAMS TREATMENT FREE 85-CENT BOTTLE (32 DOSES)

Just because you start the day "tired to get up," arms and legs stiff, muscles sore; with burning, aching back and dull head—Worn-OUT before the day begins—do not think you have to stay in such condition. Rheumatism, kidney and bladder troubles, and all ailments caused by excessive acidity make one miserable. Be strong and well. Get rid of the "rheumatic" pains, stiff joints, sore muscles, "acid" stomach, kidney or bladder troubles so often caused by body-made acids.

If your sleep is broken by an irritated bladder that wakes you up every few hours, you will appreciate the rest and comfort you get from this free bottle (32 doses). To prove The Williams Treatment conquers kidney and bladder diseases, rheumatism and all other ailments when due to excessive uric acid, we will give one 85c bottle (32 doses) free if you send this ad. Please send 10 cents to help pay postage, packing, etc., to The Dr. D. A. Williams Company, Dept. BA 1860, P. O. Building, East Hampton Conn. Send at once and you will receive by parcel post, a regular 85c bottle, without charge and without incurring any obligation. Only one bottle to the same address or family. Nothing sent C. O. D.—adv.

Another evidence that Danville is going to have a "sweet" Christmas is a solid ton of Christmas candy was today unloaded on Main street for Patterson Drug Co.

## Methodists Hold Annual Meeting

WASHINGTON, Dec. 14.—Many general questions of interest to Methodists as well as special problems of their work will be considered by delegates of the Southern Methodist Press Association, who began their annual meeting here today.

Among the subjects on the program are doctrinal controversy, Methodist Unification, the Ku Klux Klan, industrial relations, social and race relations, special churchwide movements, world peace, and literary trends. The reports of H. S. Satterfield of Nashville, president of the Association and of other officers and committees were before the opening session.

## Five Convicts Make Sensational Escape

Band of Desperados, Headed by John Hatfield, Big Figure in Feud, at Large in Mountains—Three Are Alleged Murderers.

(By The Associated Press.)  
BRISTOL, Va., Dec. 14.—Five prisoners, headed by John Hatfield, seventy-year-old veteran of the Hatfield-McCoy feud, are at large today in the Cumberland mountains, following their sensational escape last night from the Wise county jail at Wise Courthouse, according to advices here.

A sheriff's posse organized five minutes after the alarm was sounded by an inmate of the jail as the five men slid down a fire hose from the fourth floor of the building, was handicapped in the pursuit by a heavy snowfall, which covered completely the tracks of the fugitives.

With Hatfield, a cousin of "Devil Anse" Hatfield and who was under sentence of twenty years imprisonment for murder, are Stephen Wood, also under a twenty years sentence

for murder; Alexander Mullins, held on a charge of murder; C. O. Edwards, charged with criminal assault, and Carl Miller, held on a charge of violating the prohibition laws. They cut a bar from a bed and with it pried loose the grating in the window of their fourth story cell and then slid down the hose to freedom.

Hatfield, according to reports here, told the jailer Wednesday that he intended to escape, but nothing was found after a thorough search to justify the belief that the delivery was actually planned. As the aged leader of the fugitives made his way down the hose last night, he is said to have yelled to prisoners on lower floors:

"Hell that jailer he told me a barefaced lie when he said there was no chance for me to get out of here."

He is also said to have declared he had arranged to be supplied with arms and ammunition.

### SNOW IN LYNCHBURG

(By The Associated Press.)  
LYNCHBURG, Va., Dec. 14.—The first snow of the season here fell late during the night. The fall was sufficient to cover the ground.

—Mrs. L. F. Harper, who has been quite sick for several days at the home of her daughter, Mrs. S. B. Robertson, is reported better today.

## BEGIN AUDIT OF BOOKS OF STATE BANK OF VIRGINIA

It will probably be a week or ten days before the alleged shortage in the State bank of Virginia which was closed by state bank examiners Tuesday, is definitely determined. Information received today was that Myron E. Bristol, bank examiner had made only a cursory survey of the bank's affairs, had discovered a shortage and had asked Judge William Barksdale of Halifax, to appoint a receiver for the institution. T. A. Webb of South Boston has been named receiver for the institution and he stated today that a private firm of chartered accountants had been retained and today began a systematic survey of the bank's affairs. In the meantime the bank has been closed and it probably will not be opened again until it has been reorganized.

T. G. Poole, 43, cashier of the bank for the past twenty years and a man whose integrity has remained unquestioned up until this time, was arrested yesterday on a warrant charging him with embezzlement and he was released on \$10,000 bail. A. L. Jones and Mr. Pleasantson, his security.

Estimates of the shortage range from \$8,000 to \$40,000 but these are

in no way official and cannot be substantiated until the final audit has been made. It was said at Virginia today, Mr. Poole was under a fiduciary bond of \$10,000 and one of the officers of the banking institution today said that he did not think that the bond would cover the shortage.

Friends of Mr. Poole have come forward and declare that he has promised to make good the shortage which is said to have been admitted by him. They also declare that the cashier is the victim of circumstances and that his friendship has been abused. It is also stated that no misappropriation of funds will be shown but that bad loans were negotiated.

The bank of Virginia was established in 1900 with a capital stock of \$10,000 and a surplus of \$16,000. Dr. S. M. Toyon is president of the institution and the stock is owned by about a dozen persons of the vicinity. Farmers within a wide area did business with the bank. Mr. Toyon and Tuck said this morning that the affairs of the institution were being gone into exhaustively and that judgment in the matter is being suspended until a definite accounting can be made.

## G. O. P. Convention May Be Scene of Fight Over South's Delegate Strength

(By The Associated Press.)  
WASHINGTON, Dec. 14.—Indications are becoming clearer that the Republican national convention may be the scene of a sharp fight over the delegate strength of southern states in its unexpected revision this week of reapportionment figure.

This trend, first developed during the committee's discussion of the question, became more marked today with publication of statements by Senator Johnson of California, a candidate for the presidential nomination, and Chairman John T. Adams, of the committee, attacking and defending the action.

While it has not been determined whether the Johnson organization will fight the southern delegate restoration on the floor of the convention, Senator Howell, of Nebraska, who opposed the revision at the committee meeting, holds that the reopening of the question was without authority, and has expressed the belief that if brought before the convention, the decision would be set aside.

Senator Johnson in his statement, characterizes the revision as an act

by which "the Republican states are penalized" and the "southern states, where there is no Republican party, and where delegations sometimes are a farce and a scandal, are rewarded."

"The resolution of the national convention has been disregarded," he declares; "the will of the Republicans of the party flouted."

Chairman Adams, on the other hand, says the revision adds only nine delegates to the 1920 apportionment of the southern states as compared with 116 for those which went for President Harding, and asserts that the committee's action was a measure of "justice to Congressional districts in the South, where the Democratic party refuses a free ballot and an honest count to Republicans both black and white."

## Late Shipment Of Ready-Made Overcoats.

Just Arrived and Will Be Put on Sale At

## SOCIAL ACTIVITIES

**Marriage Announcement.**  
Announcement was made today of the marriage of Miss Ruth Louise Farthing, daughter of Mr. and Mrs. J. H. Farthing, of Dry Fork, to Herman Carl Cox, of Lynchburg. The ceremony was performed last Tuesday at the residence of Rev. J. Clyde Holland on North Main street. The bride is a popular young woman in her community. Mr. and Mrs. Cox will make their home in Lynchburg, where the groom is located in business.

**A Miscellaneous Birthday Shower.**  
The home of Mrs. J. J. Walters was a scene of much merriment last evening, when her Sunday-school class, the "Fidels" girls of Moffett Memorial, stormed her. Each girl bringing a token of love. The show-

er was well planned and carried out and was a complete surprise to Miss Walters, who feels that surely there was never another such a class of young ladies. Teacher and pupils spent the hour most pleasantly together, and when the shower was over there was left in the heart and life of Mrs. Walters a ray of sunshine which time alone can erase.

**Miss Croxton Hostess**  
Mrs. William Everard Meade was guest of honor Thursday afternoon at a three table bridge party given by Miss Elizabeth Croxton at her home in Chestnut place. After the game the top score prize, an individual bridge-score set was awarded to Miss Laura Holland. The guest of honor prize, a pair of candle sticks, was presented to Mrs. Meade, and the visitors' prize, a set of book-markers, was given to Mrs. C. C. Johnson, Jr., of Fort Worth, Texas, guest of Mrs. and Mrs. C. C. Johnson, Sr. A salad course was served. Those invited to meet Mrs. Meade were: Misses Elizabeth Penn, Elizabeth Taylor, Hazel Tyree, Elizabeth Martin, Emily Swain Charlotte Crews, Laura Holland, and Mesdames James Ray, of Leaksville, C. C. Johnson, Jr., Curtis Dodson, and Arch Gravelly.

**Visitor Honored**  
Mrs. Jeff Penn entertained informally at bridge Wednesday evening at her home in aswell apartments. In honor of Mrs. W. L. Noell, of Tulsa, Oklahoma, guest of Mr. and Mrs. W. X. Noell.

**Mrs. Anderson in Philadelphia**  
P. V. Anderson of the Engineering department of the Travelers Insurance Company, has been transferred from the New York to the Philadelphia office, where he will be in charge of all construction work and also the large bridge which is being built across the Delaware river from Philadelphia to Camden, N. J. Mr. Anderson who is a son of Mr. and Mrs. W. King Anderson of this city, will with Mrs. Anderson, spend the Christmas holidays with them at their home 702 North Main street.

**Mothers' and Daughters' Banquet.**  
The annual Mothers' and Daughters' banquet held at the Leaksville, Y. M. C. A. Wednesday Evening was a great success, the attendance was good, and every one present enjoyed the evening. Music was furnished during the evening by the orchestra of New Leaksville and the many attractive numbers added greatly to the pleasure of all present.

Supper was served at 7:30. There were three long tables at which were seated 127 people, (21 more than last year), all of whom enjoyed the delightful courses of a well served supper.

The first number on the program following the prayer by secretary McConnell, was a song, "Let the Lower Lights be Burning," Mr. Hughey sang several selections.  
Mrs. A. D. Chatham, toastmistress of the occasion, made a speech expressing a hearty welcome to the mothers and daughters who had helped to make the affair a success by being present. Mrs. Chatham then introduced Miss Betty Gordon who was to introduce the speaker of the evening Mrs. B. Frank Mebane. Mrs. Mebane acknowledged her appreciation of the honor of being chosen as speaker, following Mrs. Bickett, who spoke at the banquet last year. Mrs. Mebane told of her travels abroad and the wonders of the scenery and beauty of the flowers. She told of her two visits to the queen of Roumania, picturing the queen as an ideal mother, devoted to her home and children.

three daughters and two sons. Her recent gave the happy and vivid scene of the reality of the places and people spoken of, and called forth a very sincere wish to have the queen visit Leaksville-Spray and hear about their Mother-Daughter and Father-Son banquets. Mr. McConnell, Y. M. C. secretary (is much pleased with the success of the two banquets given this fall and expressed his appreciation of the co-operation that has been given by all the community. He thanked the Twin-City Grocery Company for their contribution of coffee.

Mrs. W. Walker was given a prize for having the largest number of daughters present, numbering eight.

**Class Social**  
The Fidelity class of the Second Baptist church will give a class social in the Sunday school auditorium of Second Baptist church this evening at 7:30 o'clock. All members of church and Sunday school are invited to come. Each one is requested to bring a box of candy. Special arrangements have been made to make this evening a real social hour for the class. The money derived from this social will be used for need of class and help in some charity gift for Christmas.

**To Attend Funeral.**  
Mrs. T. A. McClung and Mrs. Malcolm K. Harris left last night for Charlotte, N. C., called there on account of the death of Mrs. McClung's brother-in-law, John Motley Morehead, which occurred yesterday.  
Mr. Morehead's cousin to Judge Kerr Morehead Harris of this city.

**Meeting of Business and Professional Women**  
The monthly meeting of the Business and Professional Women's Club was held last night at the Y. M. C. A. Miss Sallie Hoskins, president of the club presiding.

Reports from the secretary, treasurer and chairmen of committees, showed the club active in many branches of endeavor and to work with state and national political and social movements. The Danville club stands unanimously and unitedly in favor of the World Court.

After the business meeting Miss Myrtle Lee, chairman of the program committee, introduced Mrs. E. C. Beverly of Whitwell, who spoke on the "Relation of Rural and City Life." In the beginning Mrs. Beverly said that Danville had always responded to every request from Whitwell school in its efforts to develop the life of that community. She spoke most interestingly of the responsibility of women and to themselves, to uphold support and develop every means of educating the children to see the beauty in and to make use of the things about them; to the youth of the community; to think in what terms and to work for the establishment of a national bureau of education which shall stand on a par with other departments of the national government.

Mrs. Beverly expressed the hope that the time is not far distant when the citizens of Pennsylvania county can say that every child in the county is within reach of an accredited high school, for only so the individual physically, mentally and spiritually, through the combined efforts of home, church and school that we raise humanity to a real democracy.

Following Mrs. Beverly, Miss Emily Swain told, in charming manner the Christmas story "Why The Chimes Ring."

### NEWS FROM SUTHERLIN.

SUTHERLIN, Va., Dec. 12.—A. E. Weaver, of Pinville, Va., arrived at his farm "Cloverdale" on Sunday for a ten day visit.

—There was a nice car load of cattle shipped from Gardner farm yesterday.

—Mr. E. P. Ward is killing hogs today.

—Miss Nellie Miles of Kentucky spent the week end with Miss Mamie Deffer.

—Virgil Weaver is in Danville today.

—Sutherland school will close for the holiday on the 19th.

—Carter Powell was in Danville Monday.

—Mr. E. F. Ward and family were visitors at Mr. Bonnen, Sunday evening.

—Miss George Bonnen spent Sunday afternoon with Miss Esty Weaver.

The Sutherland school basketball team expects to play Laurel Grove on Friday afternoon.

—Lester Shelhouse, Willard Duffer and Arthur Carter, called on Miss Esty Weaver Sunday evening.

Thaddeus Emerson, colored, to Rebecca Farmer, both of Dry Fork.

George Prunty, colored, to Ruth Eanes, Toshes.

Herman Paul Cox, Lynchburg to Ruth Louise Farthing, Dry Fork.

John Rednet, Ringgold to Emma Phelps, Dry Fork.

### HORSE PACES EXTINCTION IN CENTURY, SAYS SAVANT

BERKELEY, Calif., Dec. 12.—Statistics recently circulated stated that horses, in large measure freed, because of motor power, from the labors that made them beasts of burden, were increasing rather than diminishing in number. But now comes Professor E. L. Faxon, curator of the vertebrate collection at the University of California, with the prediction that the horse will be virtually extinct on the American continent in another century.

Professor Faxon is so confident of his supposition that he has started for posterity a collection of all modern specimens of the equine family. His collection will rest in the museum of paleontology, along with the bones of the three-toed horse and other prehistoric kin.

It pays to buy standard necessities at special sales, but it is well to know the regular price of the regular quality.

Give Her Something She Can Use. Let it be Beautiful as well as Useful. DODGE MODEL A SEDAN.

## MERGER OF CIVIC BODIES MAY BE DECIDED TODAY

A joint meeting of the boards of directors of the Chamber of Commerce and the Young Men's Business club will be held at 5 o'clock this afternoon in the rooms of the Chamber of Commerce at which time it is expected that the plans for a merger between the two organizations which has been in prospect for several months will come up for a final determination. If the directors approve of the merger, the plan is to further ratify it by submission of the terms to the membership of each club. Committees have been at work for several weeks working out the details of the merger which was approved in principle some time ago.

Another matter which may come up this evening is the election of a successor to Henry B. Watkins whose resignation after a long term of service to the Chamber of Commerce was recently accepted by the directors upon the request by Mr. Watkins that action be taken. It is learned that four or five applications for the vacancy have been already received from local aspirants but their identity was not disclosed this morning.

## SOCIAL SERVICE WORKERS PLAN NEW CITY ORGANIZATION

The foundation was laid yesterday afternoon for a new organization in Danville—an organization composed of attaches in local institutions doing social service work. The step was the immediate result of a luncheon and conference of social workers of the Young Women's Christian Association.

It was at the invitation of the general secretary, Mrs. Estelle J. Hinchliffe of the Y. W. C. A. that the group came together. Twenty-two were present at the luncheon, representing nearly every organization contributing to the public good of the community. Those in attendance were Mrs. Achsah D. Keen and Mrs. Rucker Penn, representing the Y. W. C. A., and the school board; Miss Margaret Maxon, Miss Katie Green, Guernsey, and Miss Annie Keed Carter, of the Community Welfare Association; Miss Sue Co'e and Miss Hicks of the Wesley House; Judge Kerr Harrie and Miss Elizabeth Johnston, of the Juvenile and Domestic Relations Court; Mrs. Estelle J. Hinchliffe, Miss Agathe Daniel, Miss Martha Andrew and Miss Mary Ruffin, of the Y. W. C. A.; E. G. Corwine, of the Y. M. C. A.; Miss Wilson, Miss Millicent, Miss Watson and Miss McCauley, of the City Health Department; Miss Helen Cook, Miss Olin Thornton and Miss Mary Strange, representing the pastor's assistants, and Miss O. May Jones of Hy-Coin Hall.

At the close of the luncheon, Mrs. Estelle J. Hinchliffe spoke briefly of the National Conference of Social Workers in Washington last spring and quoted a few words from the late President Harding's greetings to the several thousand persons attending this meeting.

Mrs. Hinchliffe expressed the hope that some effort might be made to bring together the Danville organizations doing any type of social work into an organized group. Later this suggestion was heartily endorsed by Miss Margaret Maxon. Miss Maxon moved that Mrs. Hinchliffe be appointed chairman to name a committee to look into the organization of a Social Workers' Club, which would be a clearing house for the various social agencies in the city, as well as to bring about a closer cooperation and a better understanding among the welfare groups.

The executive of each organization represented spoke for three minutes on the definite work of greatest interest to them.

### HOME HAZARDS

#### Be Careful Around the Garage

BE CAREFUL AROUND the garage. BY E. F. BLANK, Chairman, Automotive Section, National Safety Council.

A few simple precautions observed around garages, both public and private, will prevent many serious accidents. Two special hazards are to be guarded against—asphyxiation and fire.

Carbon monoxide, one of the gases given off from the exhaust pipe of an automobile, is a deadly poison. Some people have been worried over the carbon monoxide generated by automobiles in streets, although danger out of doors is negligible. There is, however, a real danger when the engine is running in a closed garage.

When it is necessary to run the engine inside for even a few minutes, open all the doors and windows and be sure that there is enough draft to carry off any fumes.

Wherever gasoline and oils are stored there is always a serious fire hazard. The floor of the garage free from oils and greases and place all oily rags and waste in a metal container. Always keep an approved fire extinguisher on hand and never attempt to put out an oil or gasoline fire with water.

Use only a pocketflashlight or a portable electric light around oil or gasoline. The latter, if used, should be equipped with an armored cap, vapor proof fittings, keyless socket and should have a stout cage around the lamp. Sparks from the breaker of an electric lamp have caused serious garage fires.

When jacking up a car always make sure that the other wheels are securely blocked so that the car cannot move. It is a dangerous practice to run the engine when two or more wheels are jacked up. If you can't use pit, place the car on horses or some other substantial supports.

Drive in or out of a garage slowly, preferably in low or reverse gear. Don't drive too close to a gasoline pump, and shut off your engine before filling.

### BRITISH PEOPLE LIKE BREAKFAST FOODS

(By The Associated Press.)  
LONDON, Dec. 12.—England is to be introduced to breakfast foods in various forms of wheat. A company has been formed to make the breakfast foods from wheat grown in England. At present such breakfast foods are almost entirely imported from Canada and the small percentage coming from the United States.

The new factory will produce foods for consumption in Great Britain and the continent, where the sale of this type of breakfast dish is increasing rapidly.

### PROHIBITION CONVENTION

(By The Associated Press.)  
WASHINGTON, D. C., Dec. 13.—The prohibition party will hold its national convention at Columbus, Ohio, to nominate a presidential ticket for the 1934 campaign. The national committee decided that the convention should be held prior to June 10, when the Republican convention will begin at Cleveland, and instructed the party's executive committee to select a date and make other arrangements.

—Harry Wooding, Jr. is attending court in Chatham today.

## The Tangle

An Intimate Story of Innermost Emotions Revealed in Private Letters  
LETTER FROM LESLIE PRESCOTT TO LESLIE PRESCOTT, CONTINUED

I was hardly talking to Ruth now, little Marquise. I was trying to give a reason to myself for my fear of being absolutely honest with Jack. "Everything that we human beings know," I continued, "must be adjusted and adjudicated by the mind of man, and the mind of men, my dear Ruth, is often in violent discord with the law of nature. We have been taught to separate our brains, our senses, our reason and our emotion, just as we separate husbands and wives from each other, when all the while the mind and the senses say be partners and friends just as husbands and wives may be partners and friends all through life.

"As it is we try to make women all emotion and sentiment and we have been taught that men are all reason and intellect, when if the truth were known I think women are the harder and more sensible of the two and men the more emotional and sentimental. Consequently men and women can never combine on the old traditional basis any more than we can combine oil and water.

"I think of this more and more so, just now, because I am quite sure that in the main Sydney Carton is what you would call a moral man. In fact I have admired and respected him more than any other man I have ever known, not including Karl Whittever.

Mrs. Hinchliffe expressed the hope that some effort might be made to bring together the Danville organizations doing any type of social work into an organized group. Later this suggestion was heartily endorsed by Miss Margaret Maxon. Miss Maxon moved that Mrs. Hinchliffe be appointed chairman to name a committee to look into the organization of a Social Workers' Club, which would be a clearing house for the various social agencies in the city, as well as to bring about a closer cooperation and a better understanding among the welfare groups.

The executive of each organization represented spoke for three minutes on the definite work of greatest interest to them.

### LONGER WEAR

Your dresses and coats will keep their shapes much longer if you keep them on hangers, and your shoes will retain their shape more satisfactorily if you keep them on shoe trees when they are not on your feet.

### A Gift of Everlasting Joy

We are proud of our splendid display of sterling and plated silverware. Hundreds of beautiful pieces and sets. Select your gifts now!

Brown Jewelry Co. Gold and Silversmiths. Masonic Temple Building.

Drive in or out of a garage slowly, preferably in low or reverse gear. Don't drive too close to a gasoline pump, and shut off your engine before filling.

Use only a pocketflashlight or a portable electric light around oil or gasoline. The latter, if used, should be equipped with an armored cap, vapor proof fittings, keyless socket and should have a stout cage around the lamp. Sparks from the breaker of an electric lamp have caused serious garage fires.

When jacking up a car always make sure that the other wheels are securely blocked so that the car cannot move. It is a dangerous practice to run the engine when two or more wheels are jacked up. If you can't use pit, place the car on horses or some other substantial supports.

## The Nut Cracker

By Joe Williams

By defeating the middleweight champion Gene Tunney retains the light heavyweight championship, thereby proving... well, we'll bite, what does it prove?

Philadelphia has put the ban on mixed fights and in the future you must not order plain fried potatoes with your subgum chow mein.

Man who drank a quart of hair tonic and survived may be said to have had a hair-breath escape.

The National League is going to start a baseball school for the purpose, we guess, of training ball players of the faculty of trying to think.

It may be that Senor Firpo's weakness at close quarters is due to his lofty disregard for small change.

Announcement is made of the reinstatement of the Illinois footballer who was barred for teaching ten-year-old boys how to swim.... It developed the boys were pure of soul and uncontaminated by the vicious spirit of professionalism.

The professional football season is ended and moralists among college coaches will have to attack something else in order to get their names in print.

There probably is a great difference between a professional football player and a professional college coach.... A difference of about \$5,000 a year.

Some managers used as many as five pitchers in one ball game last summer, thus inspiring the song, "When you walked out somebody else walked right in."

In a cablegram from London John McGraw denies that he is dead, but those who saw him handle his pitchers in the world series are still unconvinced.

French tennis officials have determined to rank Suzanne Lenglen high among the women tennis players of that country.... The French are so eccentric!

There is not one outstanding heavyweight in Europe, says an exchange. And not one outstanding one, it might be added.

## Warner's Presence On West Coast Adds Interest

By WALTER CAMP  
(Copyright, 1923, by The Bee.)  
NEW YORK, Dec. 13.—With the passing of Glenn Warner from Pittsburgh to Leland Stanford University, one of the most successful veteran football coaches of the East is thrown out to the Pacific Coast section. It also brings Warner, a Cornell man, in direct opposition to Andy Smith, a Penn. man, who has wrought such wonders at the University of California.

Warner's coming will arouse a new hope at Stanford where, for too many seasons their teams have gone up against great—almost insuperable odds. He comes at a time when Stanford's material looks for more promising than of late years, and when California's supermen have graduated. Altogether this new rivalry will add immensely to the interest in football on the coast.

## SLEDD MEMORIAL LOST YESTERDAY

Christians defeated Sled Memorial in a close and hard fought game by the score of 20 to 14. Improved pass work and shooting was the main ingredients in the Christian boys play that spelled victory for them. Jefferson was high scorer with four field goals.

Sled Memorial weakened by the loss of Horace Taylor, nevertheless put up a game fight and kept the contest in doubt until the last few minutes of play. Rustin was the main spring of Sled team in offense and defense. Sink a new man for the Christians strengthened them materially.

The line up:  
Christians Pos. Sled  
Jefferson Forward Cook  
H. Flynn Forward F. Murrill  
Sink Center Rustin  
R. Flynn Guard S. Murrill  
Bousman Guard Martin  
Field goals: F. Murrill 3; Rustin 3; Martin 1; Jefferson 4; H. Flynn 2; R. Flynn 2; Bousman 2. Referee, C. Ragland. Time Keeper, Gunn.

## ALTA VISTA LOSES TO GREINA

(Special To The Register)  
GREINA, Va., Dec. 13.—Starting with a rush and displaying all through the game a superior brand of basketball, the Greina basketball quint triumphed over Altavista on the Greina court Tuesday evening, December 11th, by score of 19-24. Conceding possession coupled with excellent footwork easily gave the home team a lead that the visitors were unable to overcome. The visitors in a game fight and at times displayed excellent form, but the home team would not be denied victory in one of the hardest fought and best games seen on the local court this season.

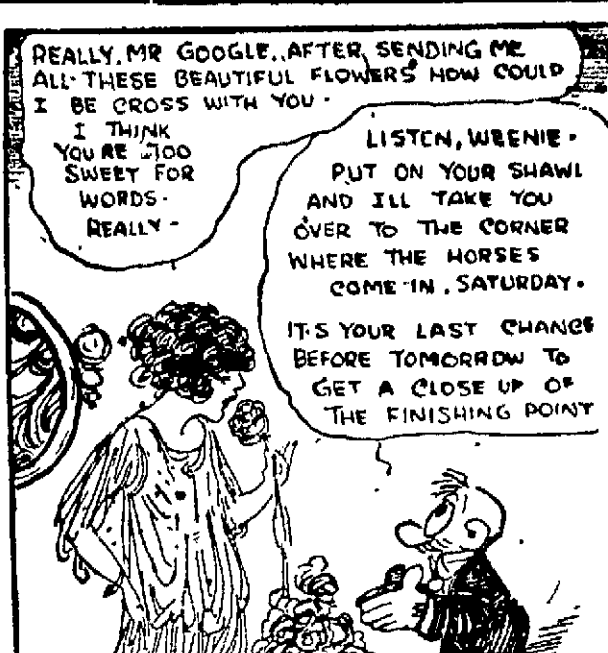

The line-up:  
Altavista Position Greina  
Dudley R F Watlington  
Lane L F Ramsey  
Smith C Murrill  
Morgan R G Powell, R  
Owen L G Allen  
Summary: Field goals: Lane, 2; Dudley, 3; Smith, 1; Morgan, 1; Owen, 1; Ramsey, 4; Watlington, 3; Murphy, 1; free goals, Ramsey, 4; Lane, 3.

GRANGE IS VERSATILE  
Some of the football experts in the west argue that Grange of Illinois does not deserve All-American honors because he is not a triple-threat player. That is wrong. He is a fine punter, but Britton, the Illinois fullback, is a better one. Grange can pass as well as receive, but his great speed caused Coach Zuppke to use him almost entirely in a running game.

A small rock taken from the highest point reached by the Mt. Everest expedition was sent to Pope Pius.

## Big League Heads To Meet Today To Draft Schedules

### Haughton May Go to Harvard

By LAWRENCE PERRY  
(Copyright, 1923, by The Bee.)  
NEW YORK, Dec. 14.—While the understanding has been that Percy D. Haughton will fill a three year term at Columbia it appears he has signed no contract that reads that way. And while he is expected to the Morningstar next year there seems at the present time no definite assurance that he will.

In this connection it is interesting to consider talk that has been heard of late of Harvard men, want him to return to Cambridge. The feeling in some quarters seems to be that Robert Fisher, who succeeded Haughton proceeded with the advantage of the Haughton impulse and that now this heritage is waning Fisher has little on his own part that is really constructive.

There has been talk that with the veteran material available at Harvard this season, the team should have done better than it did. It is possible that this feeling might have crystallized into something definite had the Yale-Harvard game been played under decent conditions and Yale had won handsily. But, as it turned out, the contest really proved little or nothing. There is no chance that Fisher will not serve as head coach at Cambridge next year when his showing will largely determine Haughton's future so far as the Crimson is concerned.

Thus regarding next year, all the probabilities would point toward Haughton's holding on at Columbia. His work there this season was splendidly performed. He and his assistants turned out an eleven that played real football, that was fundamentally equipped in every particular and lost games only because the material was not for the most part first class.

### PRESBYTERIANS ARE DEFEATED

Main Street defeated the first Presbyterians in a give-and-take tussle by the score of 20 to 13. Both teams were evenly matched, with the Presbyterians leading at the end of the first half by the score of 7 to 6. Dudley Dickinson was high scorer for Main Street, with five field goals, while Perkins scored nine of the Presbyterians. Thompson and Estes both played good games at guard and Harris at center was all over the floor. Foy and Ware played strong games for the Presbyterians. The line-up:  
MAIN STREET PRESBYTERIANS  
Dan Dickinson F. Perkins  
D. Dickinson F. Perkins  
Harris C. Ware  
Thompson Q. Foy  
Hall and Estes G. Morgan  
Field goals—Dan Dickinson 2, Dudley Dickinson 5, Harris 2, Perkins 1, Perkins 3, Ware 1, Morgan 1, Foul goals—Perkins 3 out of 5, Morgan 0 out of 2, Estes 0 out of 2, Dan Dickinson 0 out of 1. Referee—Weller.

### GUYON TRADED FOR ROBERTSON

RICHMOND, Va., Dec. 13.—Davis A. Robertson, manager of the Richmond Colts of the Virginia League in 1923, whose trade to the Atlanta Southern Association Club in exchange for Jim Guyon, outfielder, was announced today in a dispatch from Chicago, came to the local club last spring from the New York Giants. In his first managerial attempt Robertson piloted his team to within one point of winning the pennant, which was awarded by President W. S. Moye to the Wilson Club. League directors have not yet acted on the contention of the Richmond owners that Richmond won the pennant because they played and lost one more than their scheduled number of games.

It is not yet known here whether Guyon will succeed Robertson as manager of the local team.

### WARM WEATHER RESTRICTS SALE OF WINTER GOODS

L. V. SHANNON  
NEW ORLEANS, Dec. 13.—Warm weather in this section continues to restrict sales of heavier winter goods but holiday buying continues to run well ahead of that of 1922 in the retail stores. Sales have slowed down in most lines in the wholesale trade owing to unwillingness of retail merchants to accumulate further supplies until the annual stock taking period is over. Most purchases therefore, are of a filling in character.

The freight movement into and out of New Orleans for the first 10 months of the year was 35,990 carloads heavier than for the corresponding period of last year. Even in the face of a six weeks strike of port workers 223,000 cars were received and 176,000 forwarded, as against 212,200 received and 159,990 shipped last year.

### WONT BATTLE GENARO

Pancho Villa's manager denies that he has a pledge with the New York boxing commission by which the flyweight champion is bound to box Francisco Genaro, the American champion. Villa's pilot says Villa will not defend his title against a flyweight until next March. Genaro has previously beaten Villa.

Oh, Shadow of the Past!  
By J. Edgar Hoover  
has developed a new accent on the tin—Judge

A Chinese general plans to teach Chinese soldiers scientific cultivation with modern farm machinery and then organize them into labor brigades for colonization of the vast waste lands of northwest China. There are 400,000,000 women in Asia in need of education.

Masquerading was forbidden in water France (1835) owing to its abuses. Nearly a fourth of the merchantable timber of the United States is in the pouch of a pelican is large enough to contain seven quarts of Douglas fir.

## 10-Day Christmas Sale Pianos

Began Thurs.

Grand, Upright and Player Models

Yesterday marked the beginning of the most sensational sale of Pianos in the History of Danville. We are making a radical reduction on every piano in our large and varied stock, which offers every inducement to prospective piano purchasers. We handle the Kurtzmann, Knabe and several well-known brands, in Grand, Upright and Player Models. We are sure to have an instrument that will meet your every requirement.

**Free Piano Given Away Christmas Eve**  
On Christmas Eve we will give ABSOLUTELY FREE, a \$375.00 Upright Piano. Call at our store at 609-11 Main St., and get the details of how to win this instrument.

**PRICES CUT TO UNPRECEDENTED MARK.**

These drastic reductions are being made to clear our warehouse of a superfluous stock. It can be readily seen that profit is being sacrificed when we quote such remarkably low prices as are shown below. We are quoting only a few typical prices here. However, we have many more instruments reduced just as radically as these. Compare these prices with others and you'll agree that they cannot be excelled.

**TWO KURTZMANN'S**  
Both these are splendid values. They are instruments that everyone would be proud to have in their homes. Regularly, \$650.00. Sale Price, \$465.00

**GULBRANSEN**  
This Gulbransen Player is a brand favorable. Spoken everywhere, is an exceptional value. You will not make a mistake in purchasing it to your wife and family as a Christmas Gift. Regular \$750 Sale \$550.

**GULBRANSEN**  
Here's another Gulbransen that is priced remarkably low. At this price it is a rare bargain. Regularly, \$495.00. Sale Price, \$345.00.

**ESTLEY BABY GRAND**  
Who wouldn't like to have a Baby Grand Piano? Here's an opportunity to buy one at a most astounding price. Regularly, \$1,000. Sale Price, \$745.00.

**FISCHE**  
This upright piano would be highly prized by any lover of good music. Its clear tone is certainly remarkable. And it's beauty of design will appeal to your taste. Regularly, \$600.00. Sale Price \$435.00

**FABER**  
Here's a high grade piano at an exceedingly modest price. If you are looking for a real home-to-accordance bargain, you should see this. Regularly, \$500.00. Sale Price, \$375.00

**WINTER & SONS**  
This Winter & Sons Upright shouldn't be marked as low as it is, but in order to clear our warehouse and store of its superfluous stock we are making this sacrifice. Regularly, \$450.00. Sale Price, \$310.00.

**TWO NORRIS-HIDE PLAYERS**  
All people enjoy good music, even though many of us cannot play. But those who are not so gifted can get real enjoyment with one of these Norris-Hide Players. Regularly, \$700.00. Sale Price, \$525.00.

**CALL EARLY WHILE OUR STOCK IS MOST COMPLETE.**

**INCREASED PURCHASES** IN ALL LINES NOW DICK SMITH KANSAS CITY, Dec. 13.—Whole-sale trade has taken on a more favorable aspect in this territory with in-creased purchases in nearly every line. More country merchants are in the city this week than in any week this season. Fall-in shipments of holiday goods have helped swell the volume of trade, as retailers have more extensively than they antici-pated. Hardware houses report that merchants are stocking for spring more extensively than last year. There is an especial demand for tanks. Trade in pharmaceutical supplies is ac-tive and motor car accessories are moving briskly. Flour demand has shown but little improvement and mills are disposing of stocks in pre-paration for inventories.

**STILL IN BUSINESS** My friends and the public gen-erally are invited to take notice that I am still in business, at the same place as before. I am pre-pared to give the best of service. Funerals attended, supplies furnished, or embalming on short notice, either in or out of the city.

**YOUR patronage solicited** and satisfactory service guaranteed. L. H. BROOKS & BRO. 315 Patton St. Day Calls 1369-J; Night Calls, 1007-J.

**PUT YOUR CHRISTMAS CLUB CHECK** IN REAL ESTATE. Buy a Lot in Fairview, \$5.00 down and \$2.00 weekly. SEE ISENHOUR AT GRAVELY BROS.

**ANNOUNCEMENT** We are now located in our new office. Room 6. Arcade Building. Call 354-W. for anything in typewriter or adding machine lines. All makes of typewriters cleaned, re-paired and rebuilt. Satisfaction guaranteed.

## Laundering Lingerie De Luxe.

Is a fine art and we are past masters at it. It is no easy matter to wash and iron those dainty, fluffy, lace things which are so dear to the heart of woman-kind. But we do it to the women's satisfaction, as is evidenced by the large volume of this class of work we have. So much easier to have us do it than do it at home.

## TICKER TALK

Thomson & McKinnon.

NEW YORK, Dec. 14.— Cotton consumption report at ten a. m.

New York Federal Reserve bank ratio 87.4, week ago 82.5, year ago 37.4. Federal Reserve System 75.3, week ago 70.4, year ago 75.1.

Market Street Railway November surplus after charges \$156,935 against \$137,198 in November 1922. Eleven months \$1,551,928 against \$1,258,487.

Powell field output Thursday 110,000 barrels oil against 105,000 few days before.

Willett & Gray's revised estimate of European beet sugar crop 4,725,700 tons against previous estimate of 4,602,000 tons.

Survey of Federal employment service shows decrease in employment of half per cent. in November.

Anglo American Corporation of South Africa declared 10 per cent. dividend against 7 1-2 per cent. year ago.

American Railway Express declares regular quarterly \$1.50 dividend.

Babcock & Wilcox declares two per cent. extra dividend.

President L. F. Loree, of Delaware and Hudson tells Cleveland bankers system of regulation in competing with private ownership is sweeping railroads to destruction.

Carloadings week ended December 1,335,296, decrease 14,921 from preceding week and 116 from same week in 1922.

With production record this year of 200,000 Willys Overland plants will close next Tuesday for usual two weeks inventory. When work is resumed it will be on scale that will lead ultimately to production of 1,200 cars daily, greatest production in history of plant, officials say.

Concerning recurrence of rumors of Maxwell merger president Erskine of Studebaker says these were terminated several weeks ago.

Average price twenty industrials 94 7/8 up 1/4, twenty railroads 81 1/8, off .02, forty bonds 56.83, off .02.

Plans at Plainfield, N. J. Pottstown, Pa., of Spicer Mfg. Co. are operating full time. Company plans to place to Plainfield plant on 24 hours shift beginning in January. 1923 earnings expected to equal between \$3.00 and \$4.00 a share on \$13.70 shares common against 26 cents share in 1922.

Willett & Gray reduced their estimate of world sugar crop to 13,000,000 tons from their October 2 figure of 19,145,000 tons.

### MORNING COTTON LETTER.

(Thomson & McKinnon)

NEW YORK, Dec. 14.—Yesterday bull operators accepted profits and also heavy selling for speculators account by Wall Street and New Orleans operators. Cable advices reported a large business in the Manchester market with both China and India. Market is likely to ease off at opening but believe cotton should be "rough" on weak periods.

### ORDER PUBLICATION.

Issued by order of the Clerk of the Corporation Court of Danville, entered on the 25th day of October, 1923.

IN THE Clerk's Office of the Corporation Court of Danville, on the 25th day of October, 1923.

Joe Beattie ..... Plaintiff

Susie Beattie ..... Defendant

### IN CHANCERY.

The object of this suit is to obtain from the said Court a decree divorcing the plaintiff, Joe Beattie, a virgulo matrimonii, from the said defendant, Susie Beattie, on the grounds of desertion for more than three years. And an affidavit having been made and duly filed that the said defendant, Susie Beattie, is a non-resident of the State of Virginia, it is therefore ordered that she do appear here within ten days after publication of this order once a week for four consecutive weeks in The Bee, a newspaper published in the City of Danville, Virginia, and do what is necessary to protect her interest in this suit.

A Copy—Tester

OTIS BRADLEY, Clerk.  
Harry Berman, F. C.

### SPECIAL COMMISSIONER'S SALE OF VALUABLE SUBURBAN BUILDING LOTS.

Pursuant to an order of the Circuit Court of Pittsylvania County, entered on the cause of C. T. Barkdale, Committee, vs. Viney Fields, et al., at the November 1923 term thereof, I will offer for sale, at public auction, on the premises:

Thursday, December 20, 1923.

At 2:30 O'clock, P. M.

a certain tract of fifteen acres of land, fronting about 1155 feet on the western side of the Franklin Turnpike (or Chatham Road) about one-half mile from the separate limits of the county beyond F. B. Bernard's Repair shop, and known as the Old Tom Meadows Place.

This property will be subdivided into convenient and desirable building lots.

TERMS—One-third cash with the balance in two equal installments, payable at six and twelve months.

EDWIN B. MEADE,  
Special Commissioner.

State of Virginia, Pittsylvania County, To-wit:

I, S. S. Hurt, Clerk of Circuit Court of Pittsylvania County, do hereby certify that Edwin B. Meade, appointed a Special Commissioner by decree entered in the case of C. T. Barkdale, Committee, against Viney Fields and others at the November term, 1923, has given bond with security in the penalty of \$2,000.00, conditioned according to law.

Given under my hand this 30th day of November, 1923.

S. S. HURT,  
Clerk of Circuit Court of Pittsylvania County

### MORNING STOCK LETTER

Thomson & McKinnon

NEW YORK, Dec. 14.—The government record show another big addition during the month of November to our stock of gold. What is going to be the final result of the vast accumulation of the precious metal? There can be only one result, and that is great inflation. The bankers know that pretty well, the men at the head of the reserve banks know that pretty well and they are doing their best to get rid of gold, distributing it, passing out gold certificates as well as the gold coin. But the gold is here and it is going to have its effect just the same. It does its work quietly but effectively and it means high prices.

Now that an important oil field in Texas is playing out and the crude price has started upward, you won't hear so much about recidivism for the oil industry. It looks very bullish to me. And the surprising thing to me is that the public's interest in the stock market has not reached larger proportions.

### NEW YORK STOCKS.

(By The Associated Press)

NEW YORK, Dec. 14.—The broad upward movement in stock prices was resumed at the opening of today's market, despite scattered profit-taking and short selling. Schults Stores, United States Industrial Alcohol and Mack Truck each opened about a point higher while Willys-Overland and Central Leather pfd sold a point below last night's closing quotations.

Strength and activity of the sugars and oils featured the early dealings, gains of 1 to 2 1/4 points being recorded. United States Cast Iron Pipe advanced 2 points and Pacific Gas and Electric 1 1/2, each to new 1923 highs. United States Industrial Alcohol extended its gain to two points and Willys-Overland pfd extended its loss to 1 1/4. Royal Dutch was one of the few other heavy spots. Foreign exchanges opened steady.

### WALL PAPER

Wall paper should be like the mat in framing a picture; it should serve as the background rather than the picture. In small rooms or sun parlors where few pictures are used and the furniture is small, you can use elaborate or large patterned papers.

Virginia: Fair and much colder Friday & Saturday fair with slowly rising temperature.

## Champion Ready to Map Campaign

(By The Associated Press)

NEW YORK, Dec. 13.—Jack Dempsey, world's heavyweight champion, arrived in New York today ready to map out his 1924 plan of campaign. He and the Kermans, his manager, probably will confer with Tex Rickard within a few days regarding a return match with Luis Firpo and possibly other engagements but the titleholder probably will not climb into the ring again before the outdoor season.

"All of the leading challengers are to be given their chance," said Dempsey. "Tom Gibbons, Harry Wills and Luis Firpo are the boys who seem most entitled to a crack at the crown and they'll get it. Whether an elimination tournament will be arranged, I don't know but unless such a tournament is staged and the best of the three contenders decided, I'm willing to take them on one after the other." "Jack came here to go to work," Kermans declared. "He has been offered a handsome four motion picture engagement and an extended program of exhibition in this section, but we have not decided which to accept."

The champion may appear either in exhibition or as a referee of one of the bouts connected with the Christmas fund drive at Madison Square Garden next Monday night.

### SPALIA SUES MATCH

NEWARK, N. J., Dec. 13.—Nick Kohn, American manager for Bruno Spalia, of Italy, European heavyweight champion, tonight announced he had sued Spalia to enjoin him from fighting in the United States and that he requested the federal court to issue a writ of habeas corpus for the Italian fighter to arrest by the third week in January.

Efforts are being made this week Kohn announced with Tex Rickard to promote a fight between Spalia and Tommy Ryan, who is known as "The Kid" and who had fought Spalia in the past.

### TULSA LOOKS FORWARD TO PLENTY OF WATER

(By The Associated Press)  
TULSA, Okla., Dec. 13.—A city plan project designed to carry out the water to Tulsa from a source 30 miles away in the Shawnee River is today nearing completion. A pipe line 4 1/2 feet in diameter will carry the water to a community of more than 100,000 people at the rate of 2,000,000 gallons a day. The building program under way since January, 1923, constitutes one of the

## Nanzetta's Wonderful Remedy Cured DOGS OF FITS—COWS OF COLIC

Read This—"This is to certify that I have used Indian New Discovery in treating my dogs for fits and find it the only thing that I ever used that would effect a cure, or even bring relief. I had twelve dogs on a farm near Sandy River, some of them the property of other persons. About a year ago they all began having fits. I tried everything that had ever been recommended for fits and nothing seemed to do any good at all. They had fits almost continually for six months. I could not hunt with them at all.

"One night about six months ago I had a cow that was taken with the colic and I sent and got a bottle of Indian New Discovery. I gave the cow some of it and it relieved her. One of my dogs had a fit and looked as if he would die. I thought if the medicine killed him it would at least put him out of his misery. To my surprise the dog got well and I began treating the others with the medicine and all to whom I gave it got well, and only one of them ever had another fit, and he only one. I have some dogs that have never had the medicine and they still have fits.

"It has been six months since I used this medicine on the dogs and I have hunted with them this Fall and they hunt just as good as ever and show no signs of any fits."

If you need money, try thrift in your expenditures and saving in the COMMERCIAL BANK.

Investigate our Christmas Savings Plan for your savings.

can you save it?" is a slogan of the Norfolk and Western Ry. One less scoop for stoker fired engines would save 293 cars of coal a month, they say. The figures are amazing, but only another proof of what the constant saving of small amounts accomplishes. We know it is theory, but do we put it in practice?
